Walking Scorer Volunteer Training

Introduction

- Thank you for being part of the new LPGA scoring system powered by R2 Innovative Technologies

- As the official scoring provider of the LPGA Tour, R2 will work closely with tournament volunteers to provide accurate real time scoring, enhancing the experience for spectators on site and fans at home.

How it all works - WiFi

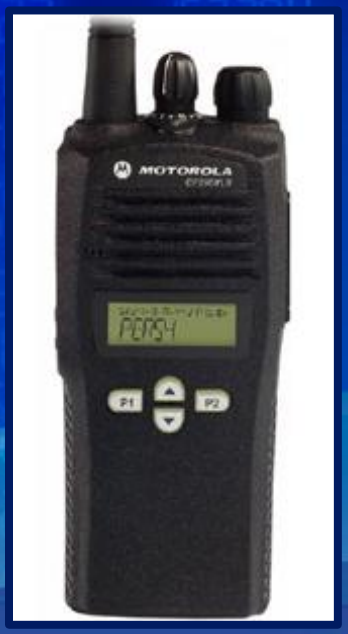
- R2 sets up a course wide wireless network.

How it all works – Walking Scorers

- As a walking scorer, your main responsibilities will be; entering each shot as it happens into a handheld computer device as well as calling in scores after each hole over radio.

Wireless Handheld

Radio and Headset



Information

- Walking scores must check in with the Walking Scorer Chairman at volunteer headquarters (VHQ or wherever equipment is being distributed) 30 minutes prior to tee time.

- Walking scorers must be at their starting tee (1^{st} or 10^{th}) 10 minutes prior to tee time.

Checking In

- Once you receive your handheld from VHQ your group will be loaded ready to go.

- When you arrive at the 1st or 10th tee most players will introduce themselves. This is good time to make a mental note of which player is which and what they are wearing.

- During the round you can always refer to the caddie's bib with the players name on it.

Scoring Etiquette

- After players tee off, walk a comfortable distance behind. Walk with the Standard Bearer on the side of the hole that has gallery rope.
- Never stand directly behind a player, in line with the hole.
- Walk in the “step-cut” (1st Cut of rough), not the fairway.
- When players reach the green, position yourself close to hole’s exit, in an area where you can see strokes played.

Scoring Etiquette

- If you have any questions regarding a player's score, ask the caddie, or if possible, a Rules Official.

- Players will be very appreciative of your help, but please avoid engaging them in conversation.

- At the conclusion of the round, be available in the scoring area for any questions that may arise.

Rulings and Emergencies

- Your radio is a point of contact between Rules Officials and players.
- If a player needs a ruling, call Scoring Control on your radio. Provide the player's name and exact position on the course.
- Also report any first aid or security issues in the same manner.

Weather and Suspension of Play

- In the event of inclement weather, follow instructions from Scoring Control.
- Walking Scorers and Standard Bearers are permitted in Evacuation Vehicles.
- LPGA will resume play as soon as possible.

Cuts of Grass

- “Fairway” - the area between the tee and putting green where the grass is cut short

- "Fringe" - refers to any grass adjoining the PUTTING surface that is mowed to a height typically about halfway between green and fairway heights.

- “Rough” - the part of a golf course bordering the fairway where the grass is not cut short. For our scoring purposes, includes both 1st and 2nd cuts of rough.

Terminology

- Fairway Hit: If any part of the ball touches the fairway after the player's tee shot, it is a "fairway hit".
- Rough: For scoring purposes, rough includes both the step-cut (1st Cut) and primary rough.
- Green in Regulation: If the player's ball is on the putting green in one stroke on a par-3, two strokes on a par-4, or three strokes on a par-5, they have reached the Green in Regulation.
- Greenside Bunker: Any bunker within 20 yards of the green (part of the green complex) is a Greenside Bunker.

Rough
Fairway
Fairway Bunker

Greenside Bunker
Greenside Bunker
Green

Greenside Bunker
Greenside Bunker
Green
FRINGE

More Terminology

- Sand Save: If a player holes her ball in two strokes or less from a greenside bunker, it is a Sand Save. The player's score on the hole is irrelevant for this category.
- Strokes to the Green: Any stroke (or penalty stroke) made at the ball before it is on the Putting Green.
- Putts: Any strokes the player makes on the Putting Green (regardless of club used).

Scoring

- Add the player's strokes to the green and putts to obtain the total score for the hole.

- Check and make sure that the Standard Bearer has updated the player's cumulative score to par.

Scoring backup Sheet

- You will be given a backup up scoring sheet. Entering scores in the handheld is the first priority. If you can also put scores and stats on the backup sheet please do so. **YOU MUST** use the backup sheet if you're having problems with your handheld. Or if you're unsure in any other situation.

PLAYERS	10	11	12	13	14	15	16	17	18	CADDIE

Driving Distance

- On two holes, the Rules Committee has set yardage marks for driving distance measuring.

- Marshals on the hole will pace off each player's drive distance and give you the information.

Calling in Scores

- After the players are finished with the hole and your scores are verified. You will use your radio to call Scoring Control with the players scores. Please wait till airways are clear before calling in.

Example :

- **Walking Scorer: “Scoring Control group 2”**
- **Scoring Control will confirm that you can proceed with “Go ahead Group 2”**
- **You then respond with your Group, Hole and Scores… “Group 2, Hole 1, Scores 3, 4”**
- **Scoring Control should then confirm by repeating scores back to you.**

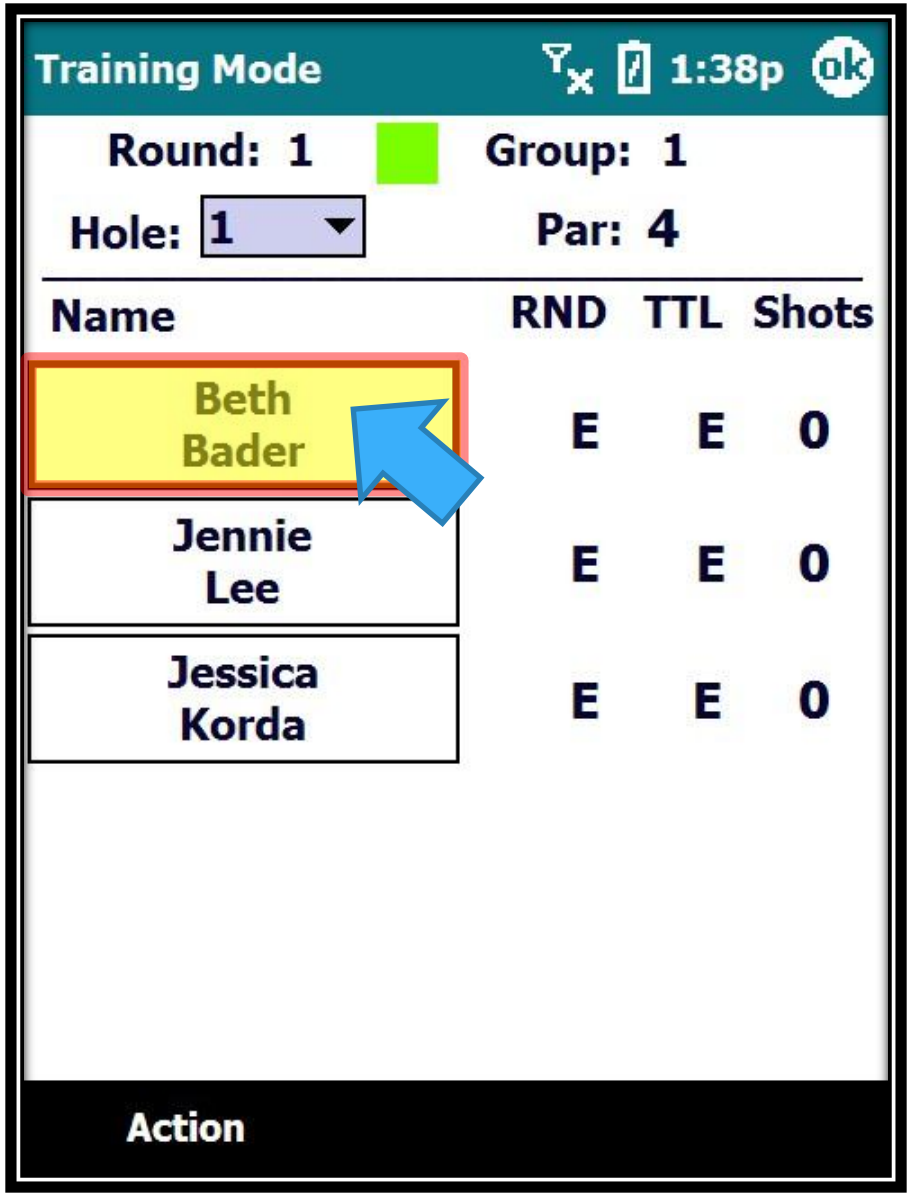
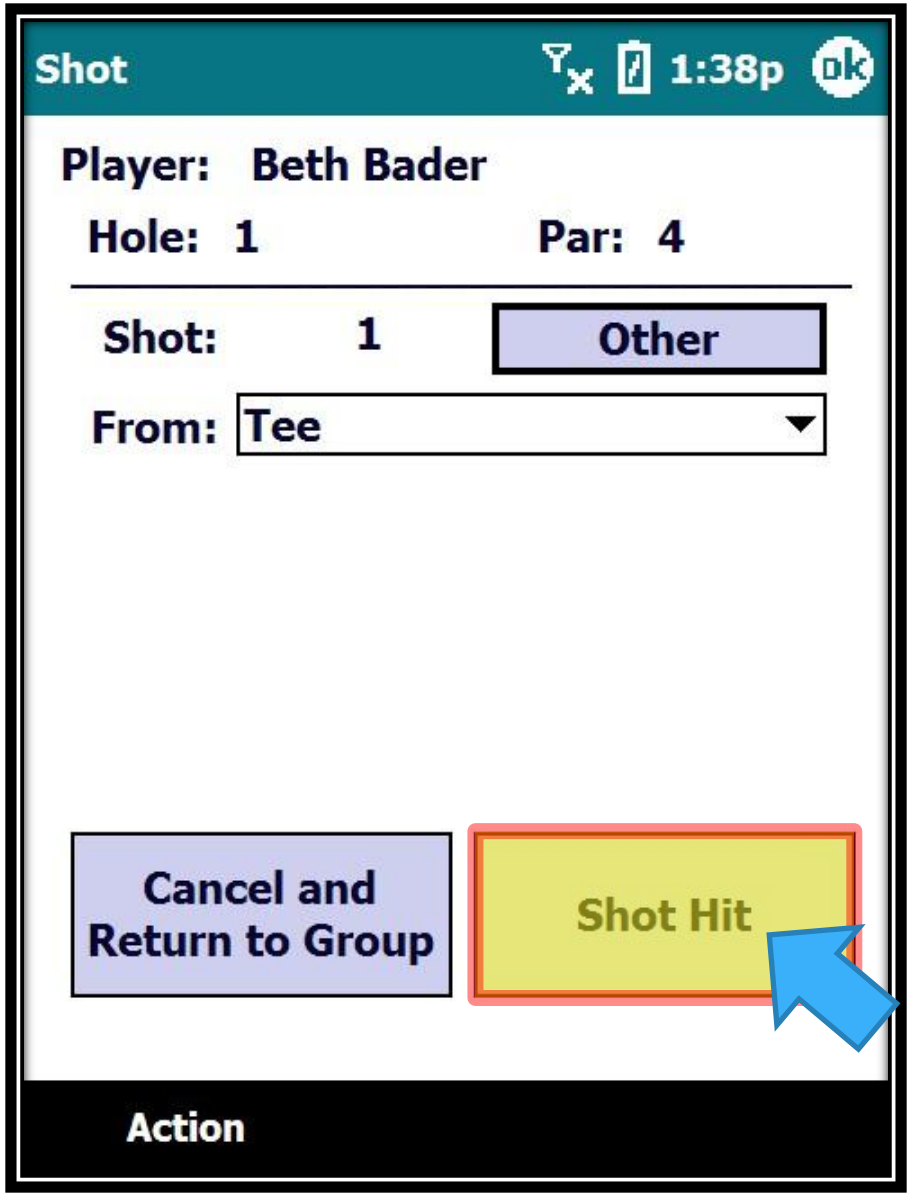
Walking Scorers

Scoring Your First Hole



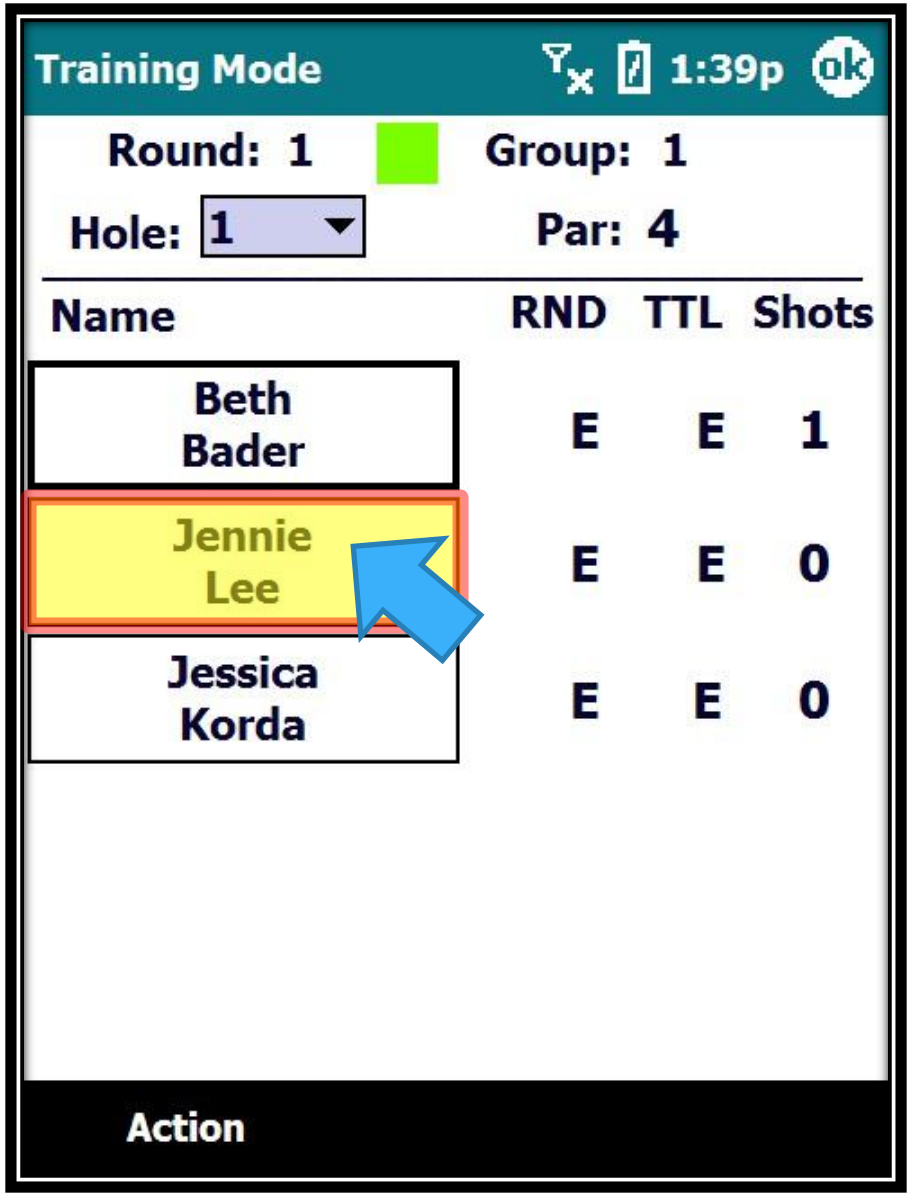
Players will tee off on the first hole in the same order as they appear on the screen…



Obviously, the default From location on all first shots is from the “Tee”

Just hit the “Shot Hit” button when the player hits their shot…

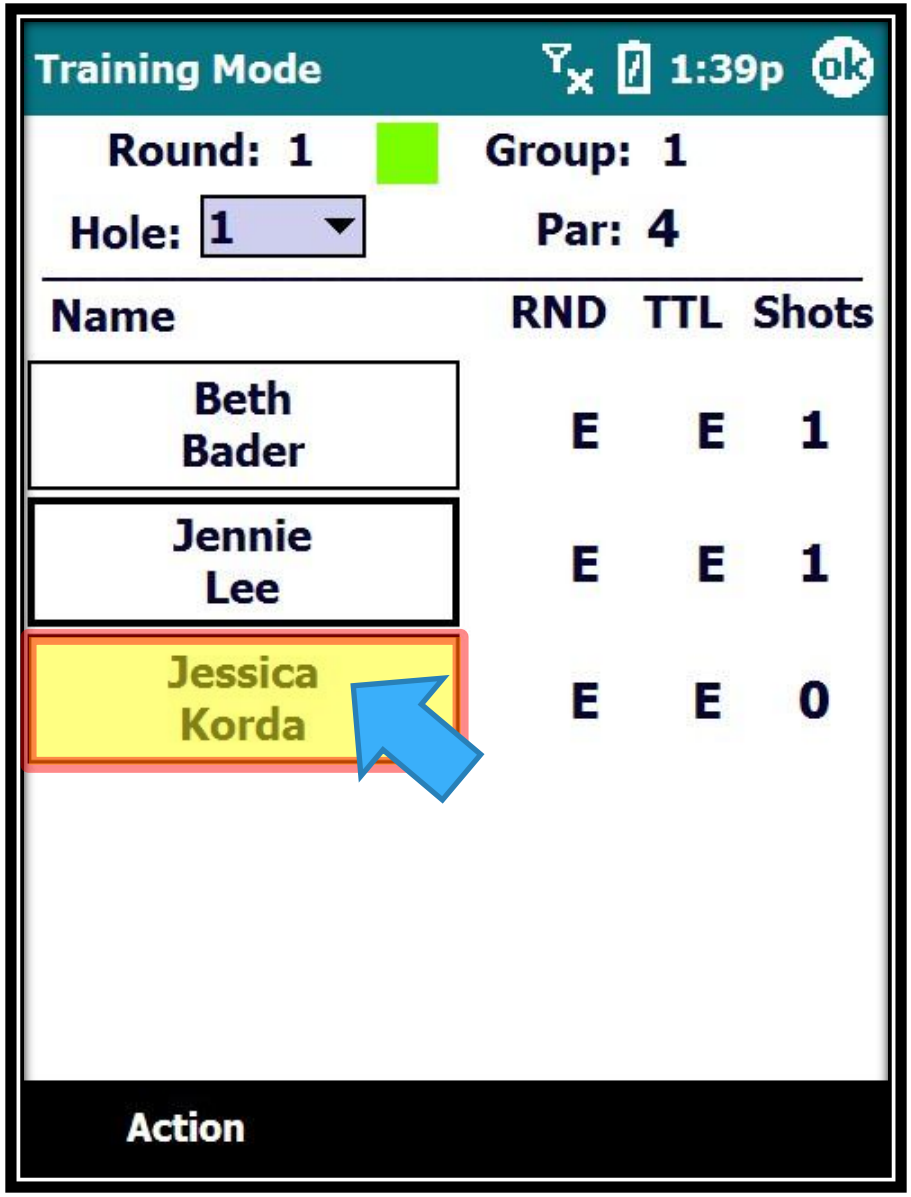
The shot is recorded and you can Return to the Group Screen…



Click on the next player to Tee off…

Click on Shot Hit…

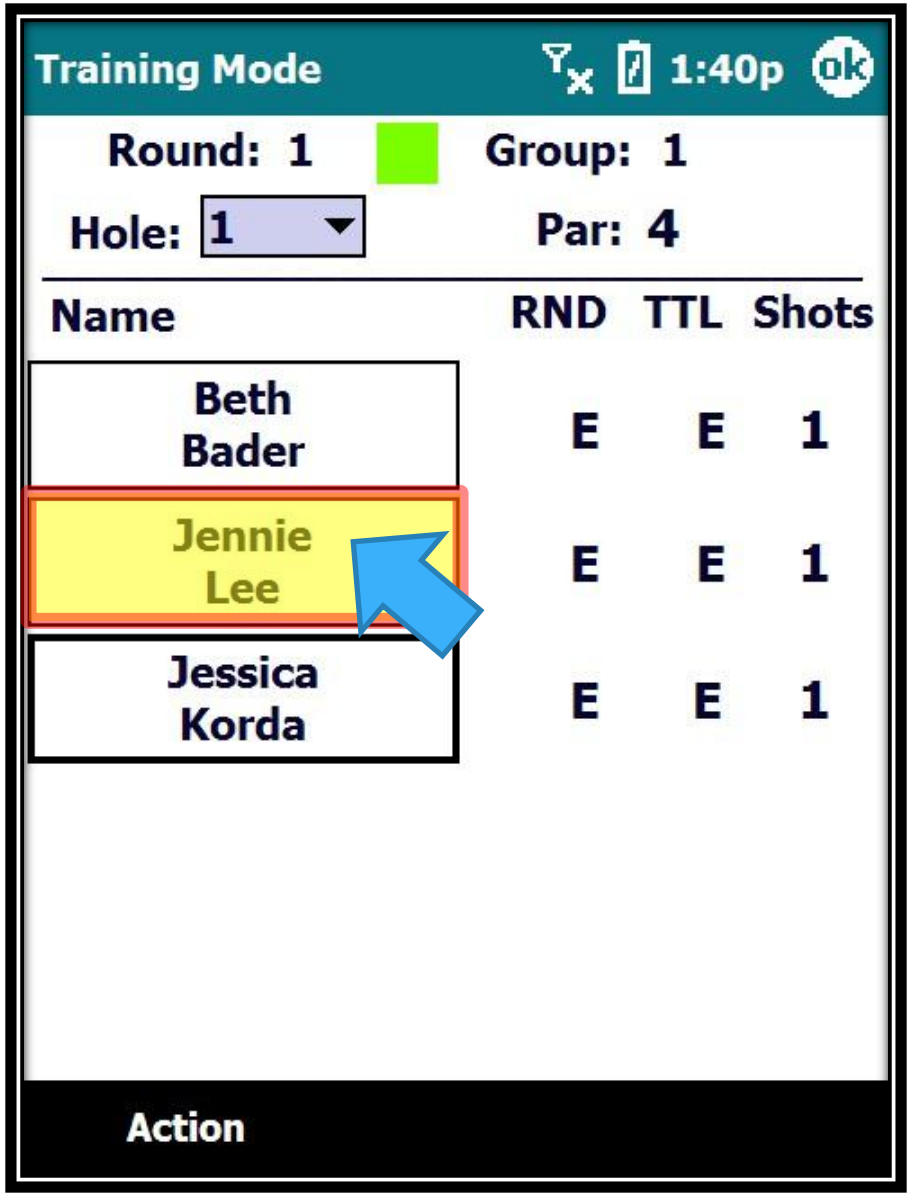
The shot is recorded and you can Return to the Group Screen…



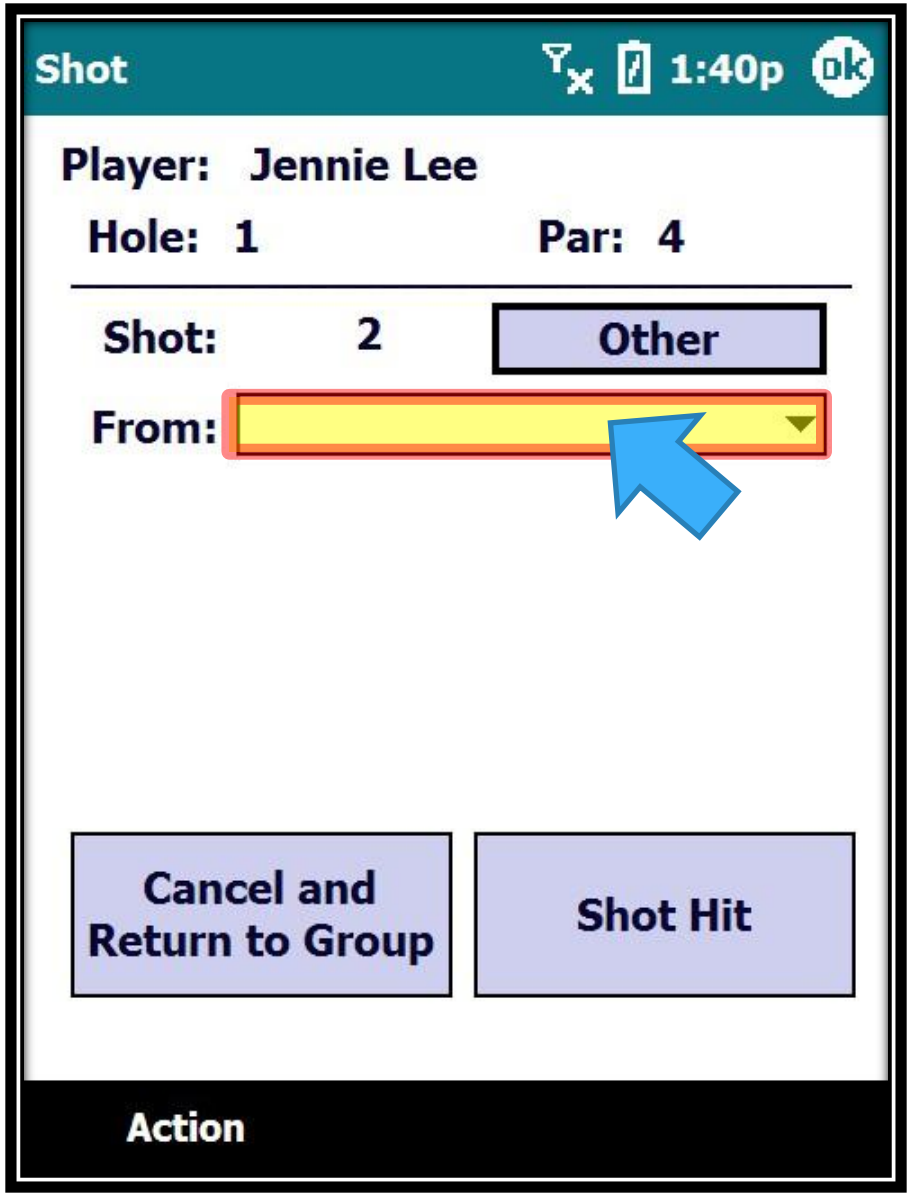
Click on the next player to Tee off…

Click on Shot Hit…

The shot is recorded and you can Return to the Group Screen…



Jennie Lee is first to hit her 2nd shot from the Right Rough. Click on her name…



Notice the From location is blank. We have to always fill it in for all shots except the first shot.

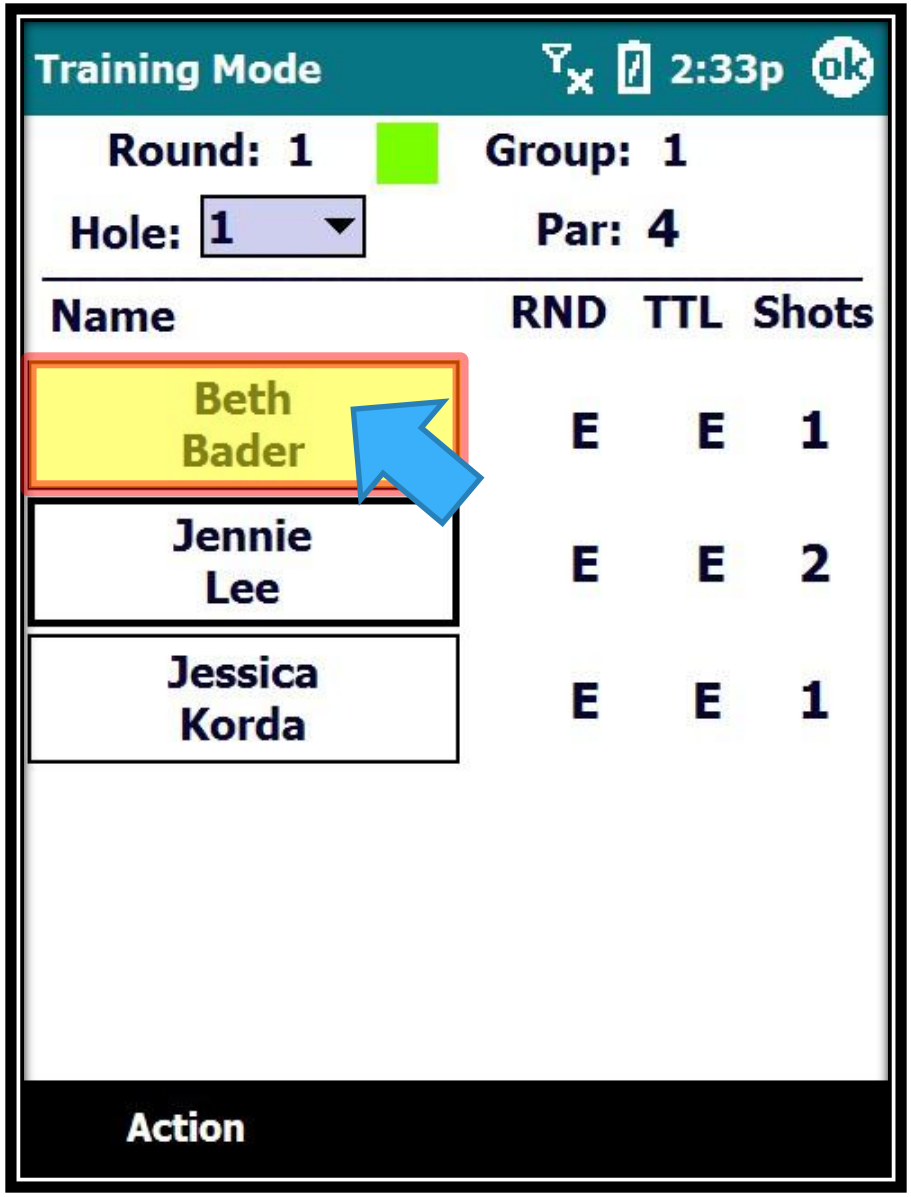
If we click on the drop down we will see all the possible From locations… we may have to scroll down to see all options.

Select Right Rough.

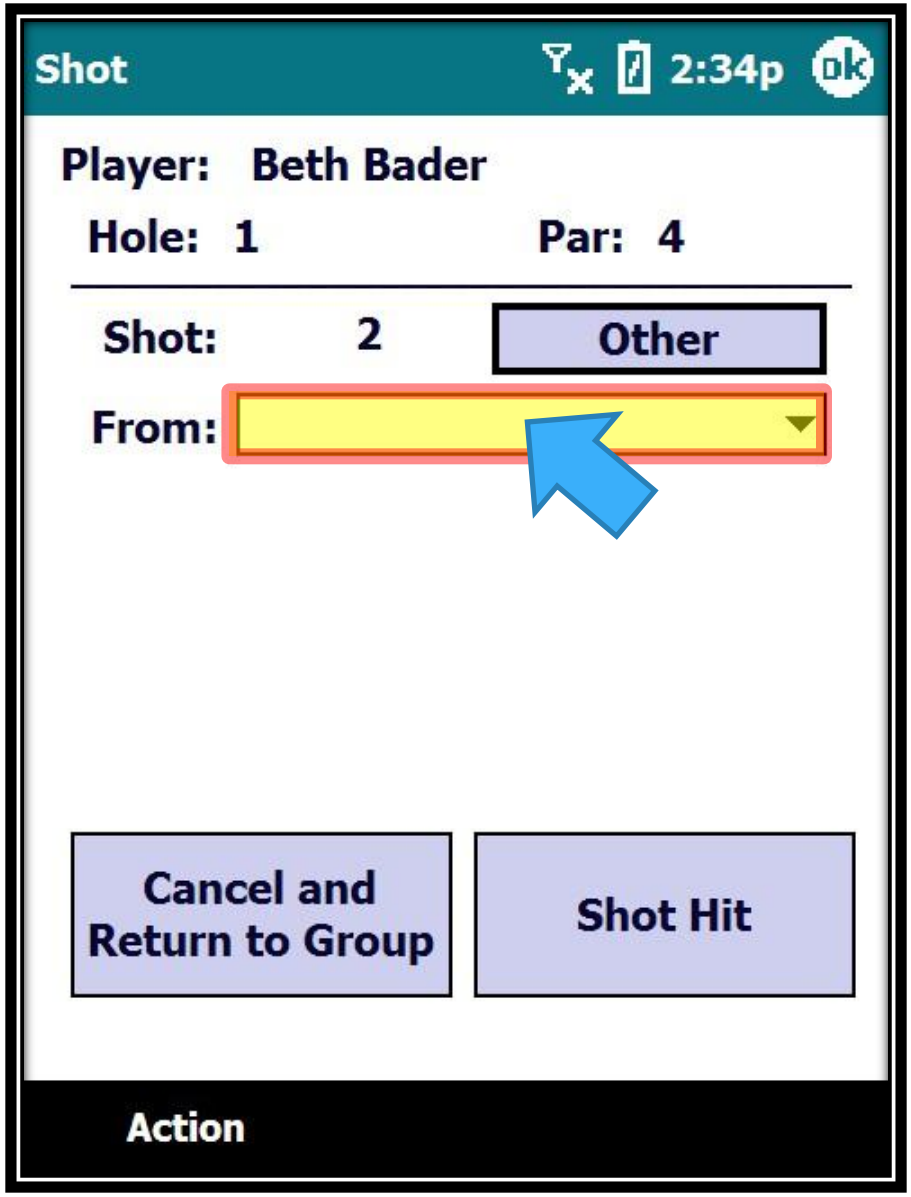
The FROM location is always determined by where the BALL is… NOT where the player is standing.

And click on "Shot Hit"

The shot is recorded and you can Return to the Group Screen…



Beth is next to hit…

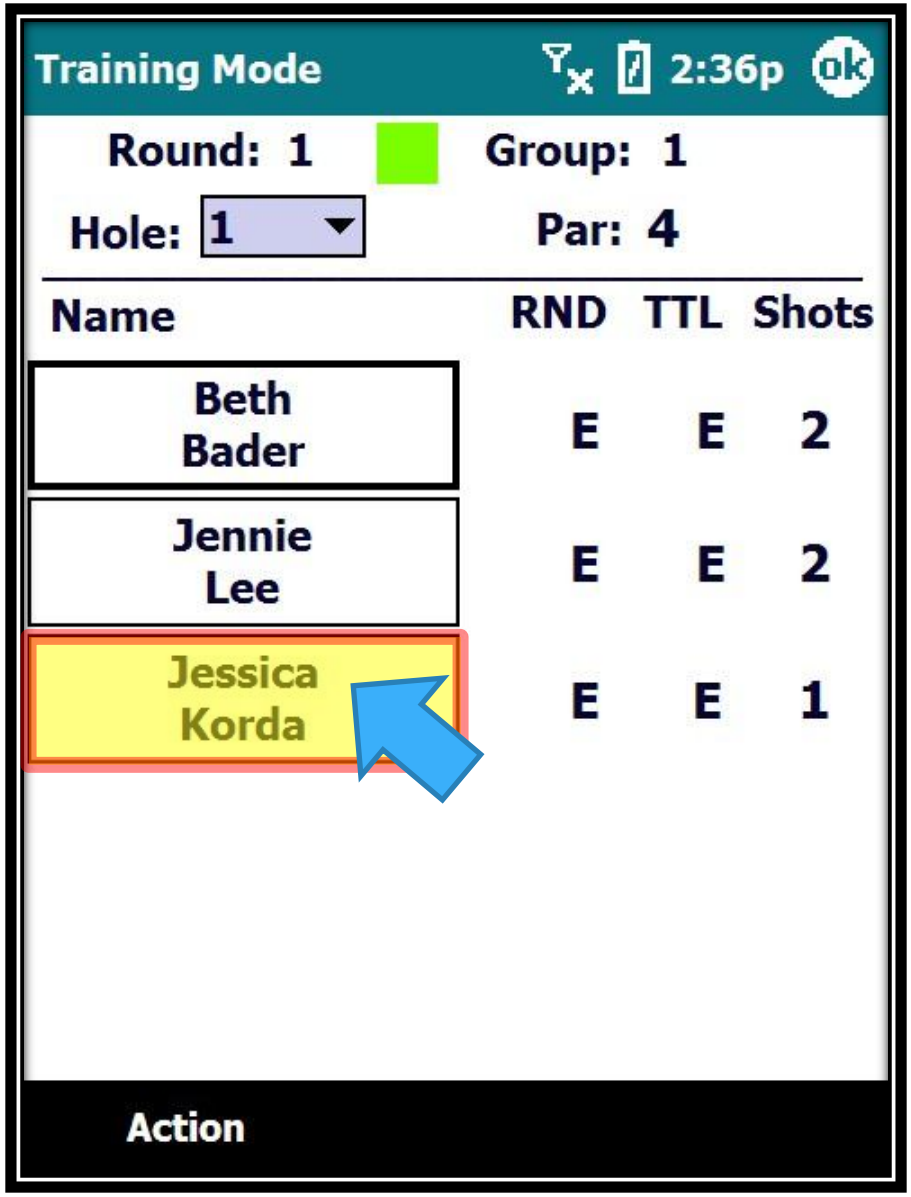


Don't forget to enter the correct From location…

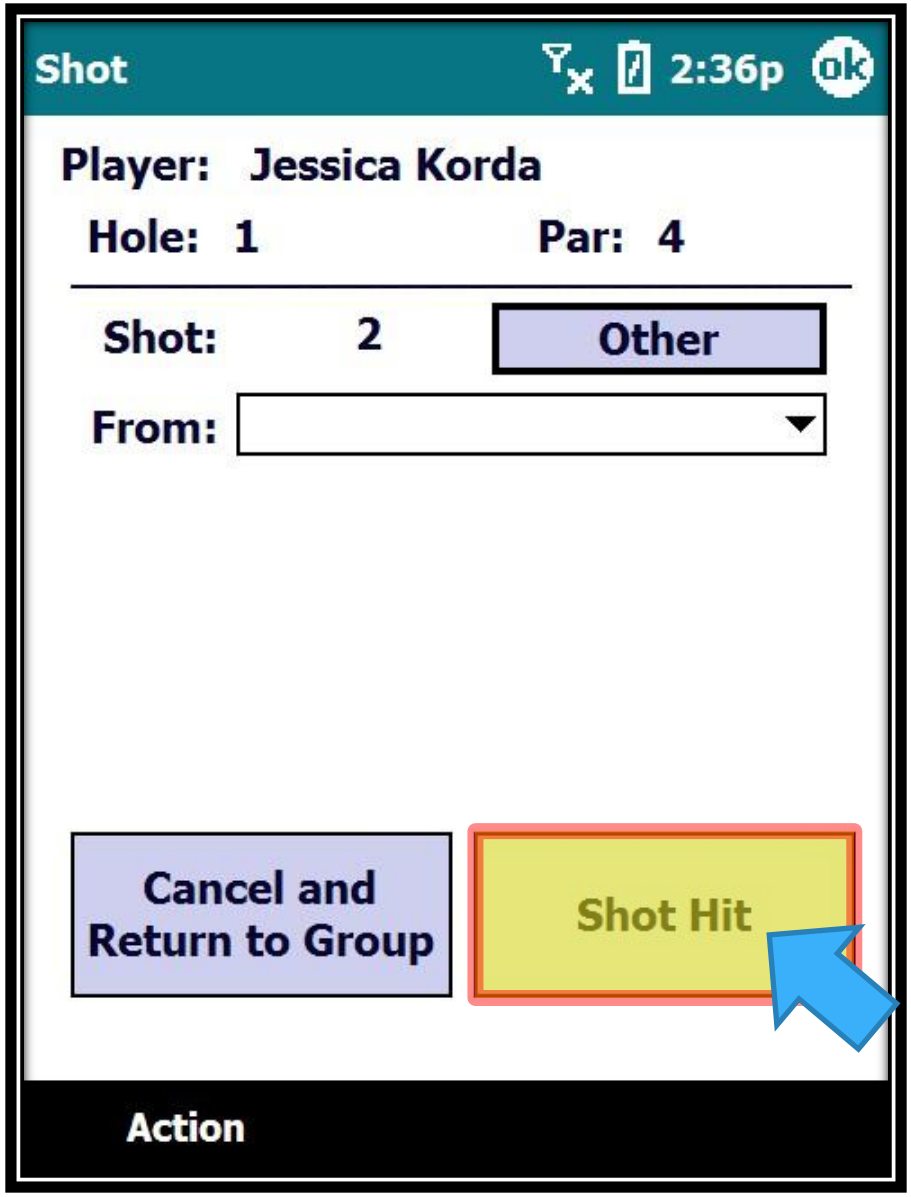
If any part of the ball is touching the Fairway, then it is considered FROM the Fairway and would be a “Fairway Hit”.

Click on Shot Hit…

The shot is recorded and you can Return to the Group Screen…



Jessica is next to hit…

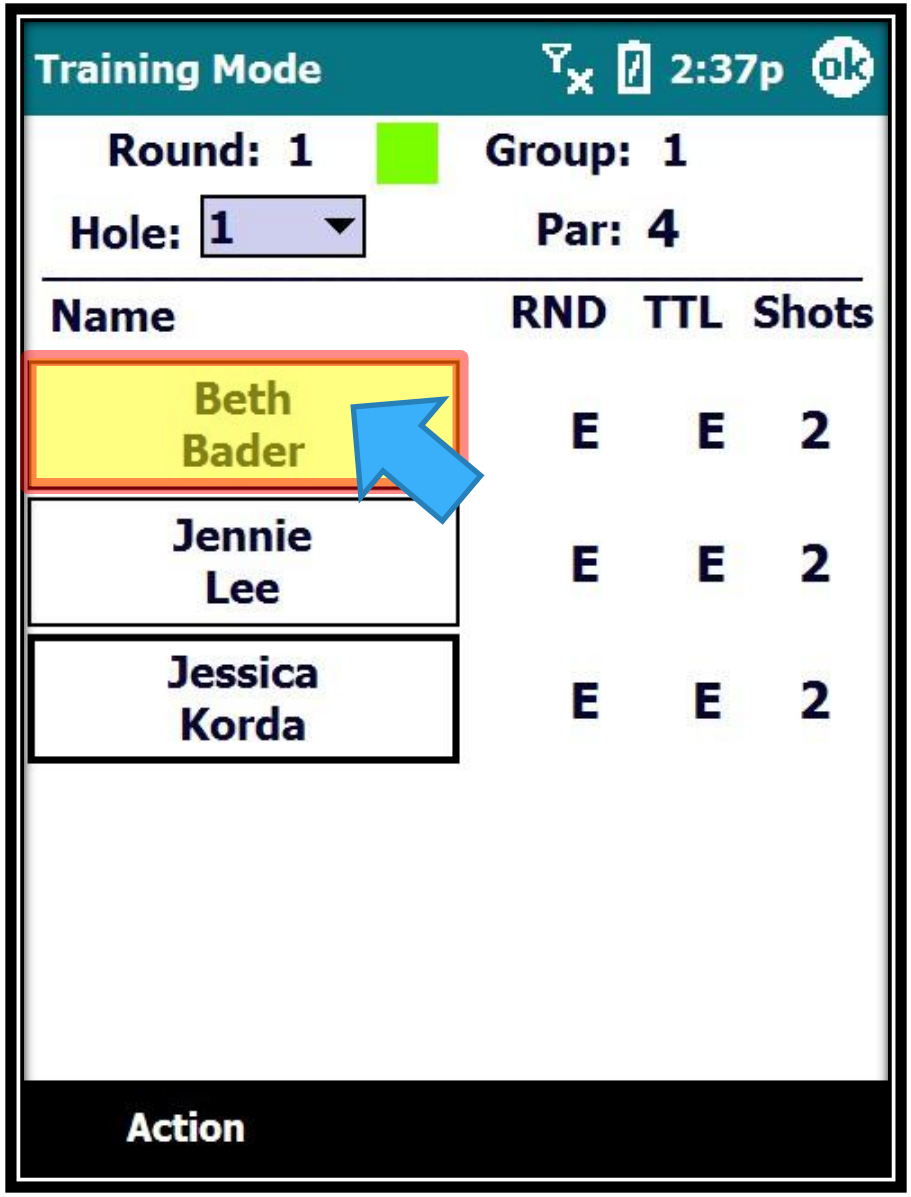


What happens if we forget to enter the From location?

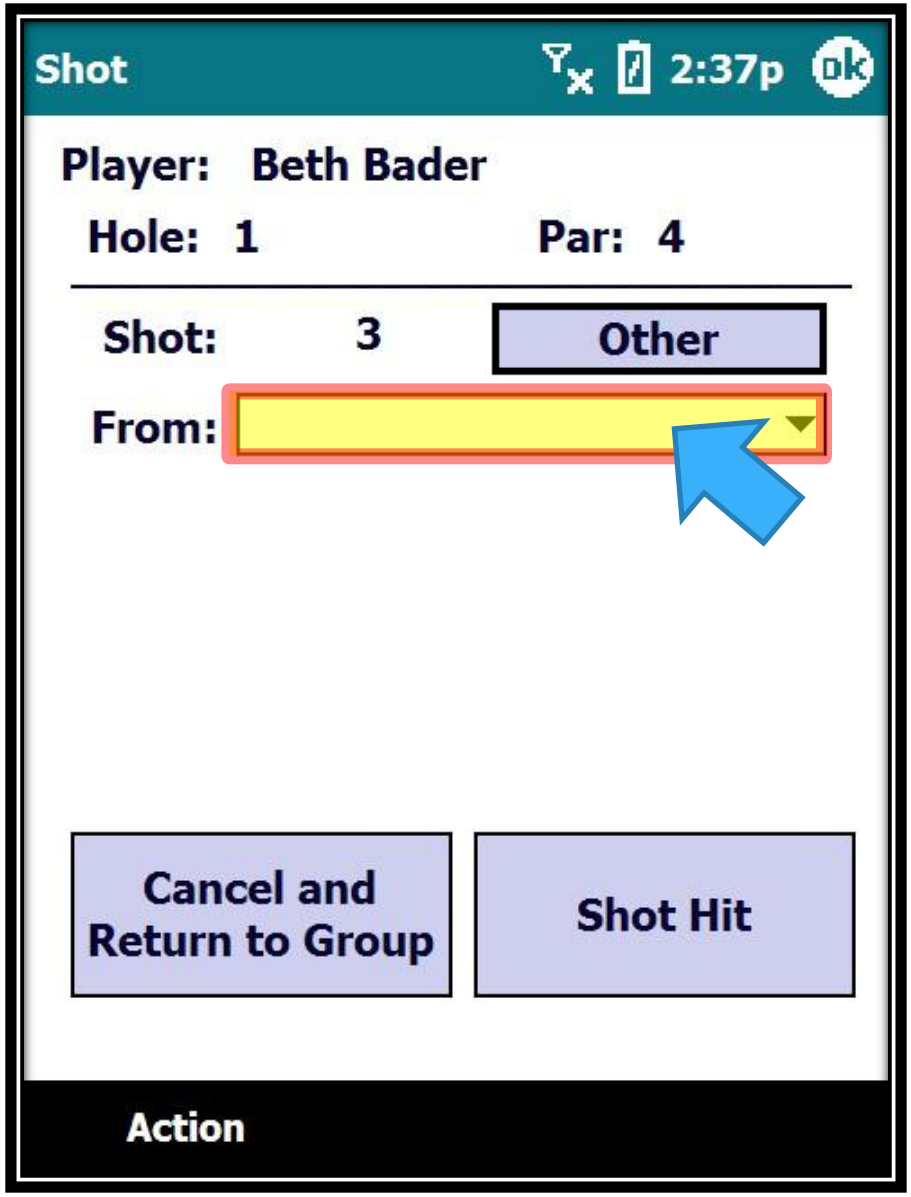
A warning appears…
Just click on ok to continue.

Select the From location and click on “Shot Hit”.

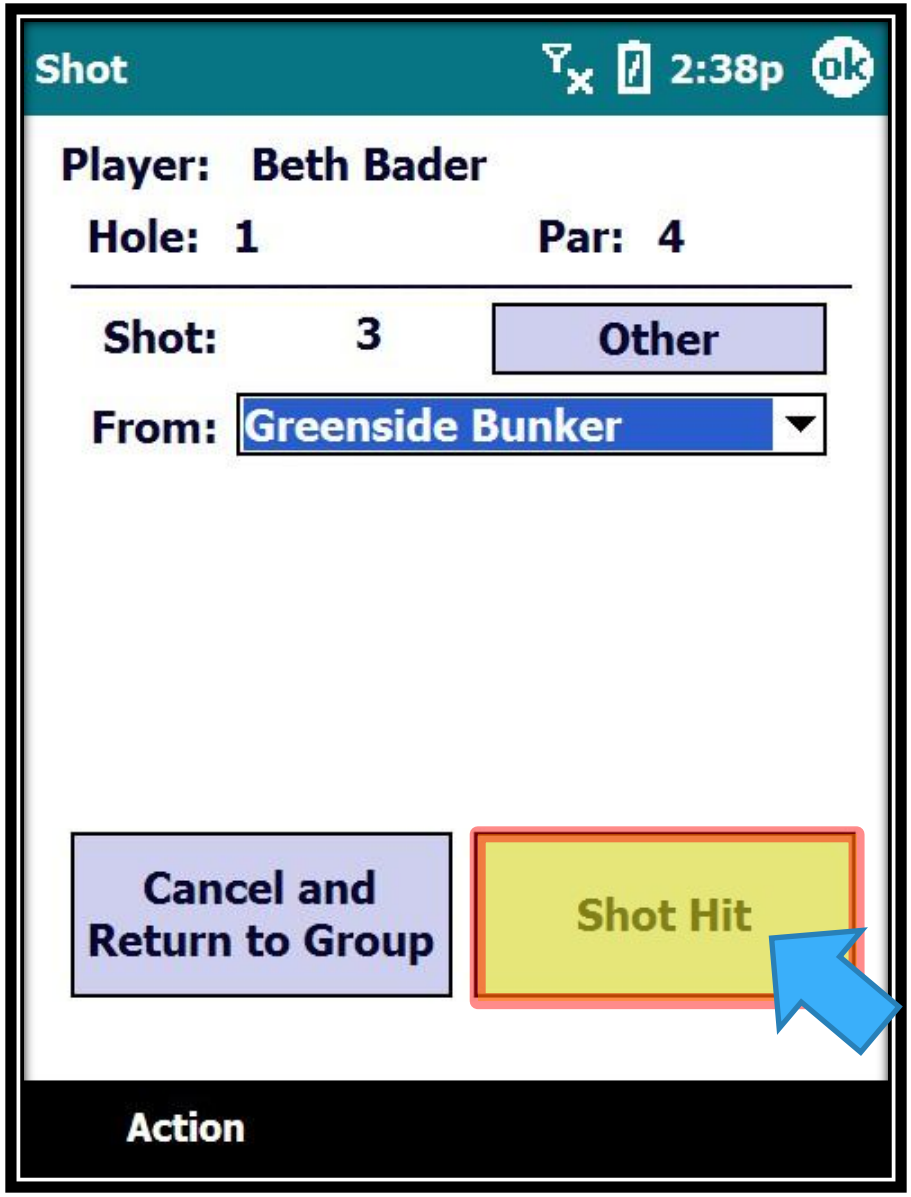
The shot is recorded and you can Return to the Group Screen…



Beth is next to hit from a Greenside Bunker…

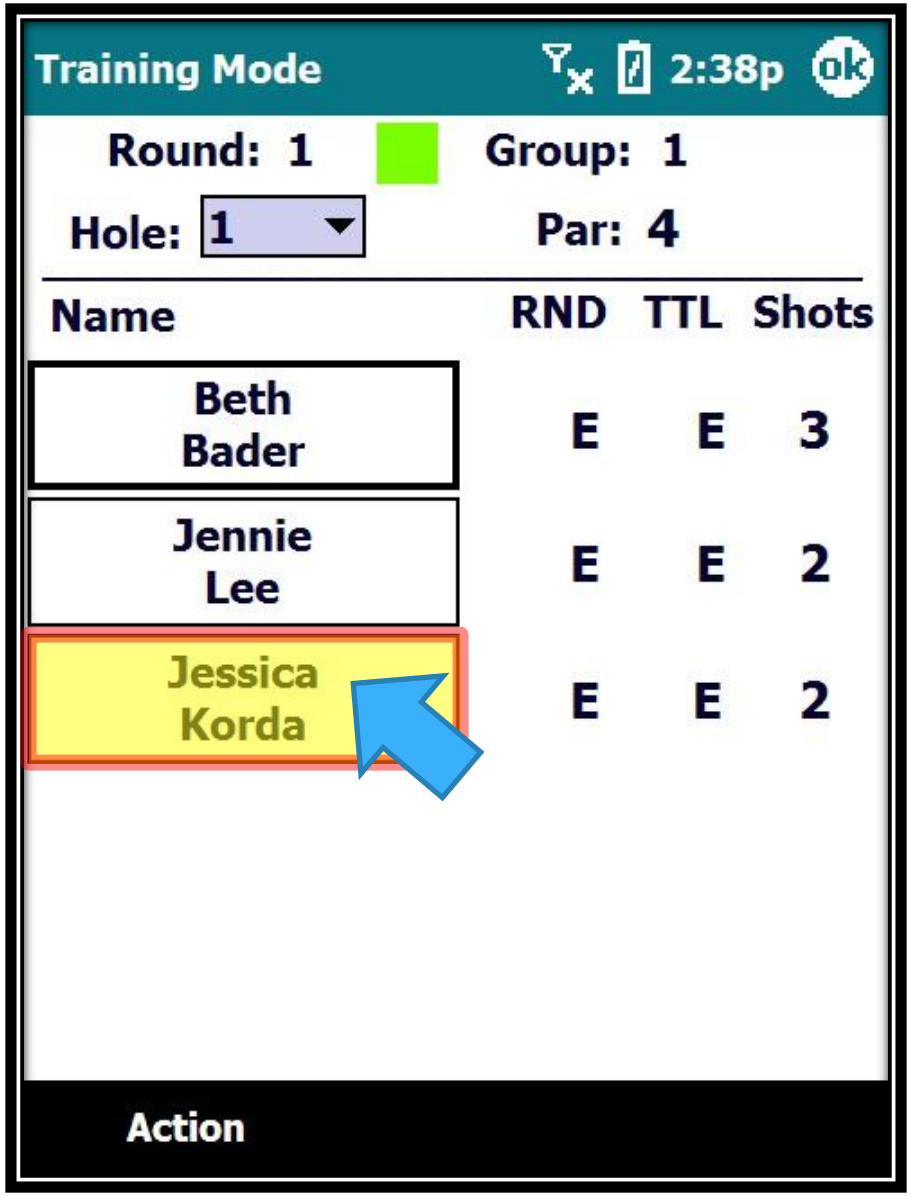


Don’t forget to enter the correct From location…



And click on "Shot Hit"…

The shot is recorded and you can Return to the Group Screen…



Jessica is next to hit…

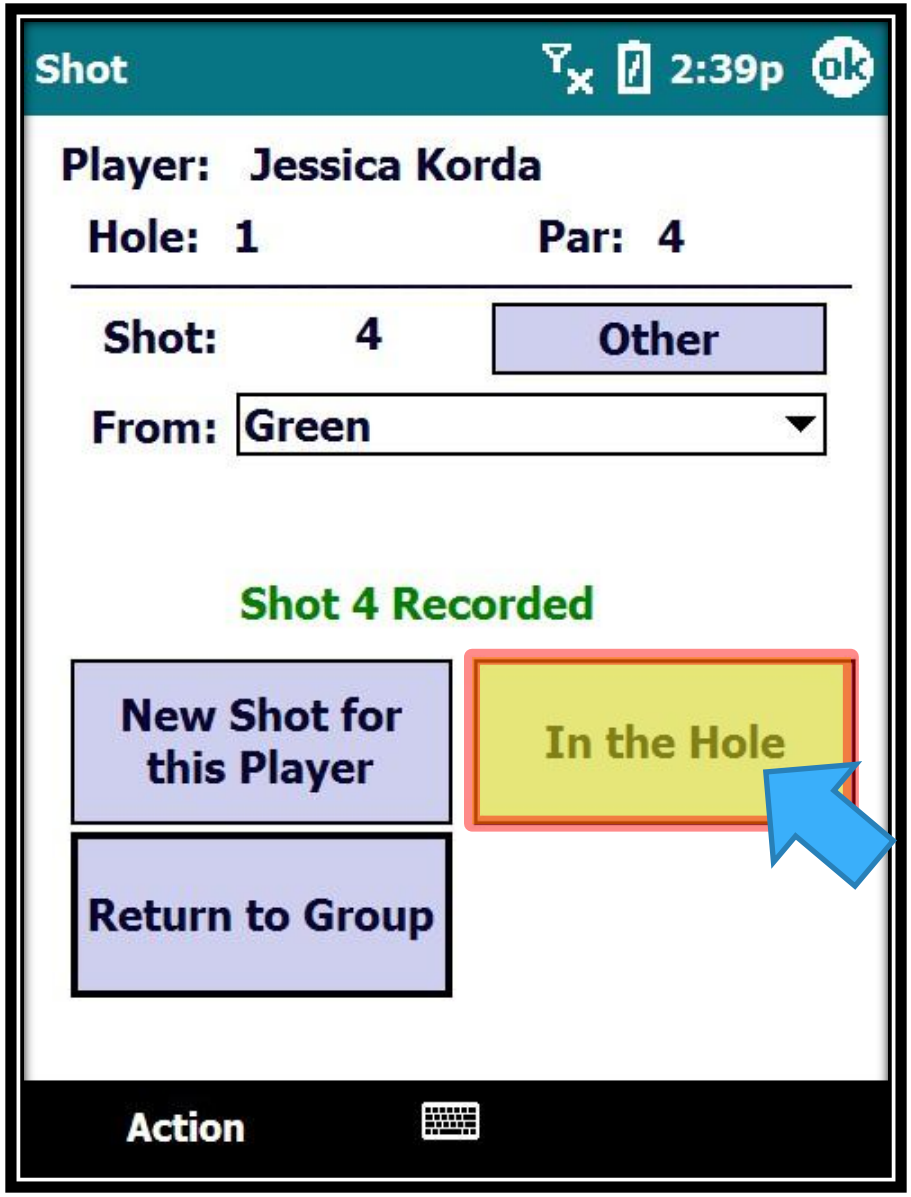
What if Jessica's putt just misses and she will tap in quickly after her putt?

We can save time by entering a new shot for this player without returning to the group screen…

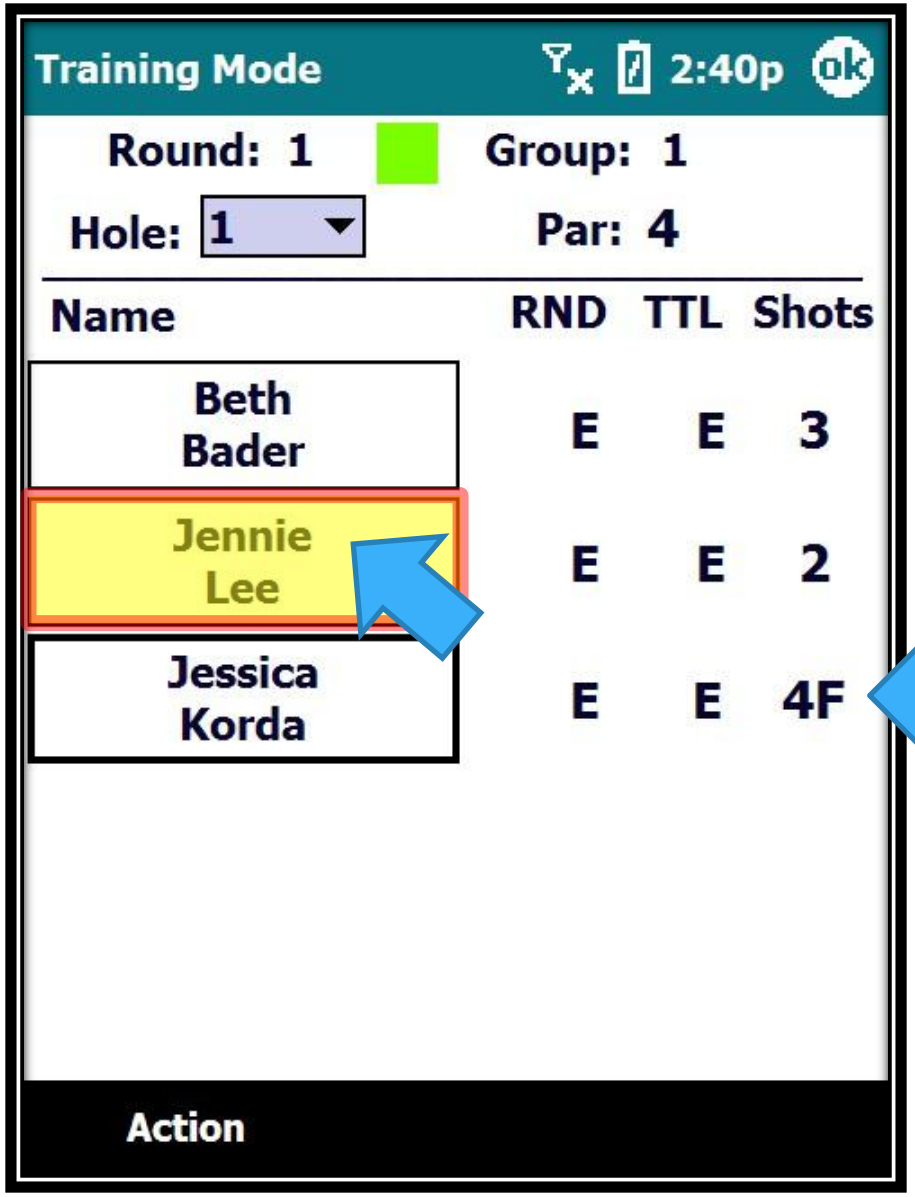
Once the player takes a shot from the Green, the system assumes the next shot is from the Green as well.



ALWAYS wait to see if the shot goes in the hole!

IMPORTANT: Mark the shot **IN THE HOLE** if the player holes out their shot!

The system will ask for confirmation that it went in the hole and show you the score as well.



Notice the “F” indicating the hole is finished for this player

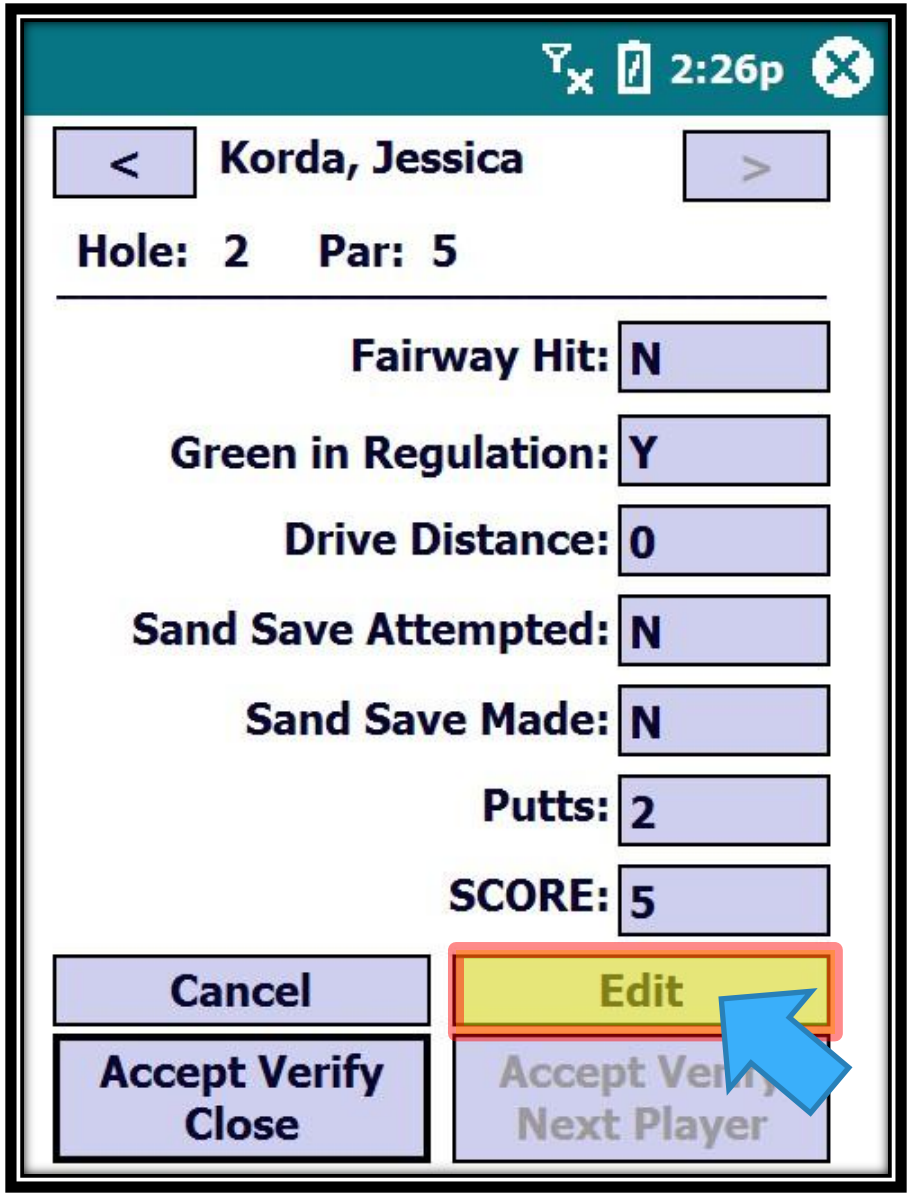
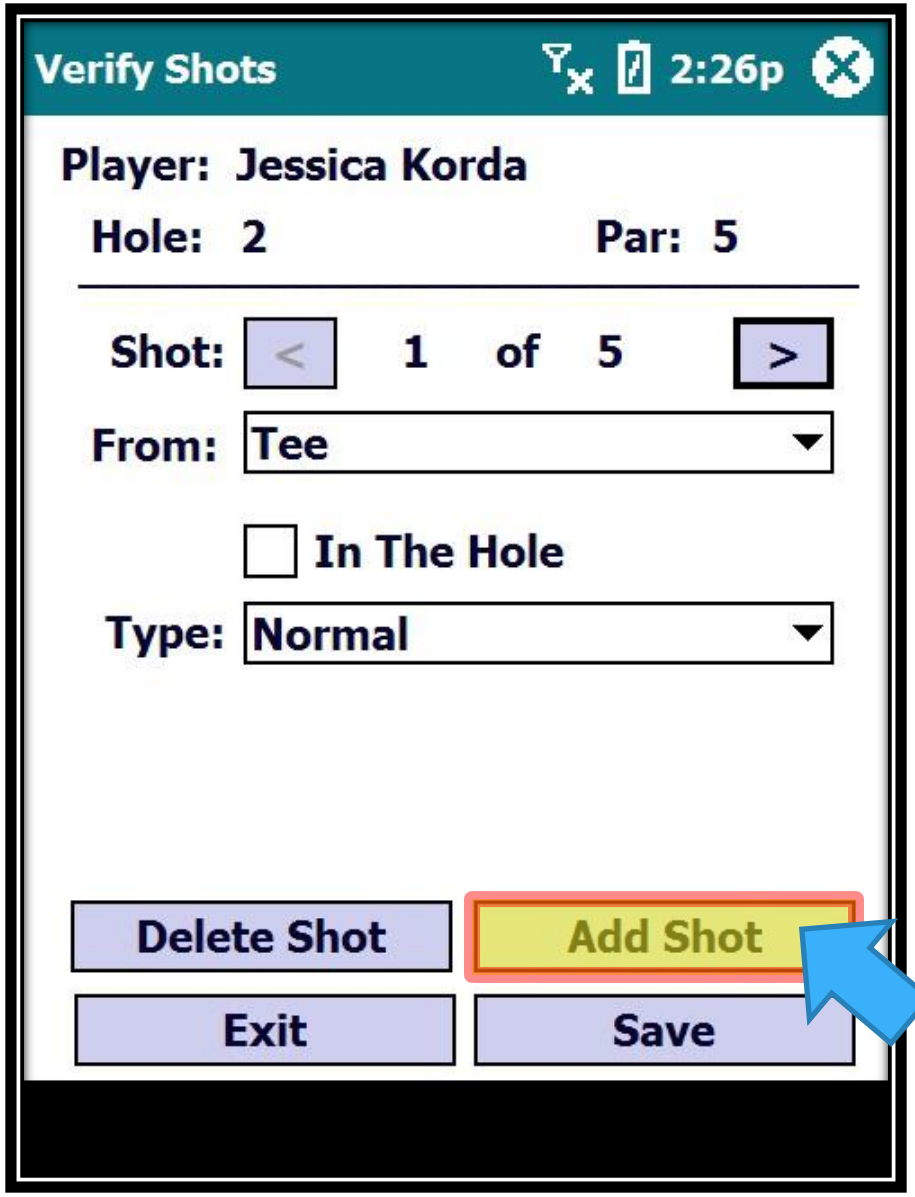
Editing Shots – Adding Shots and Changing Locations



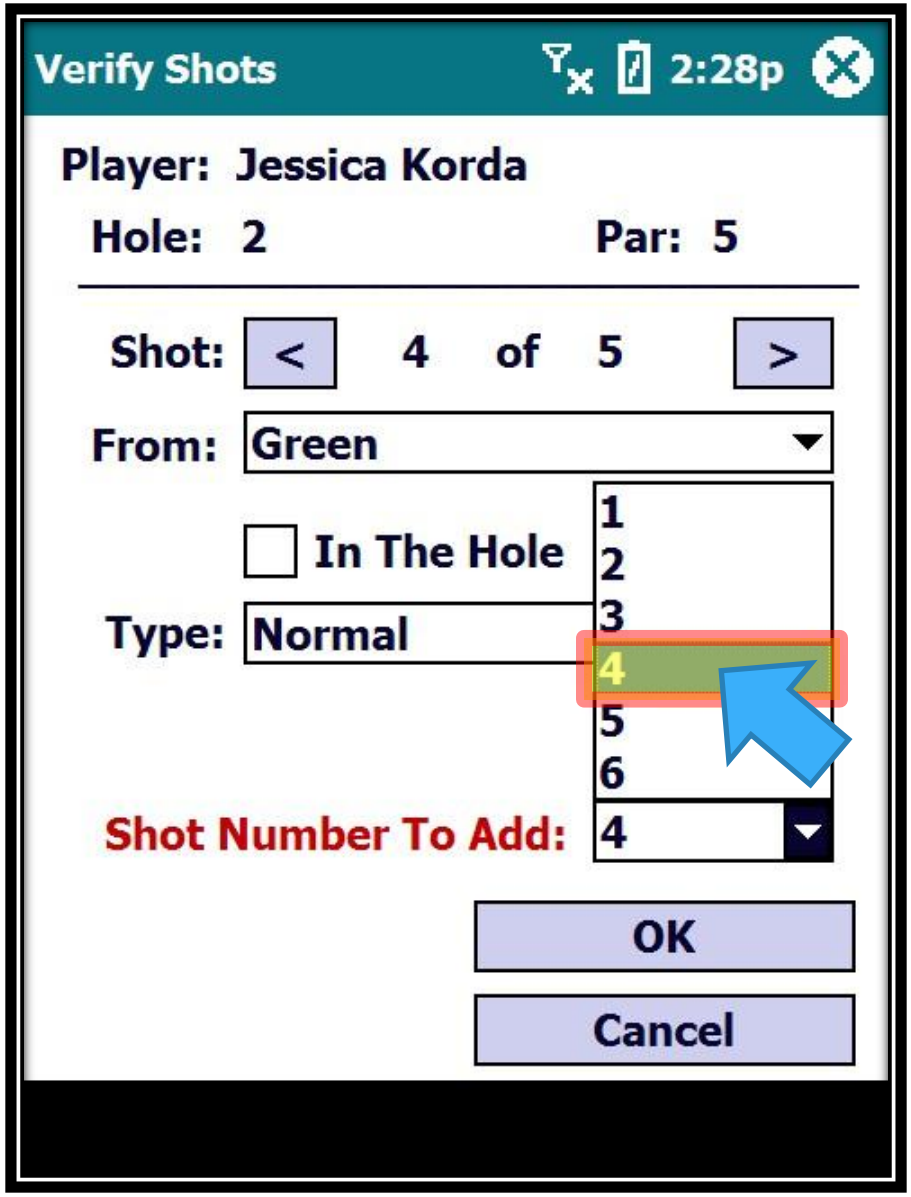
During the Verify Process, we can always edit shots if we need to.

Just click on the “Edit” button…



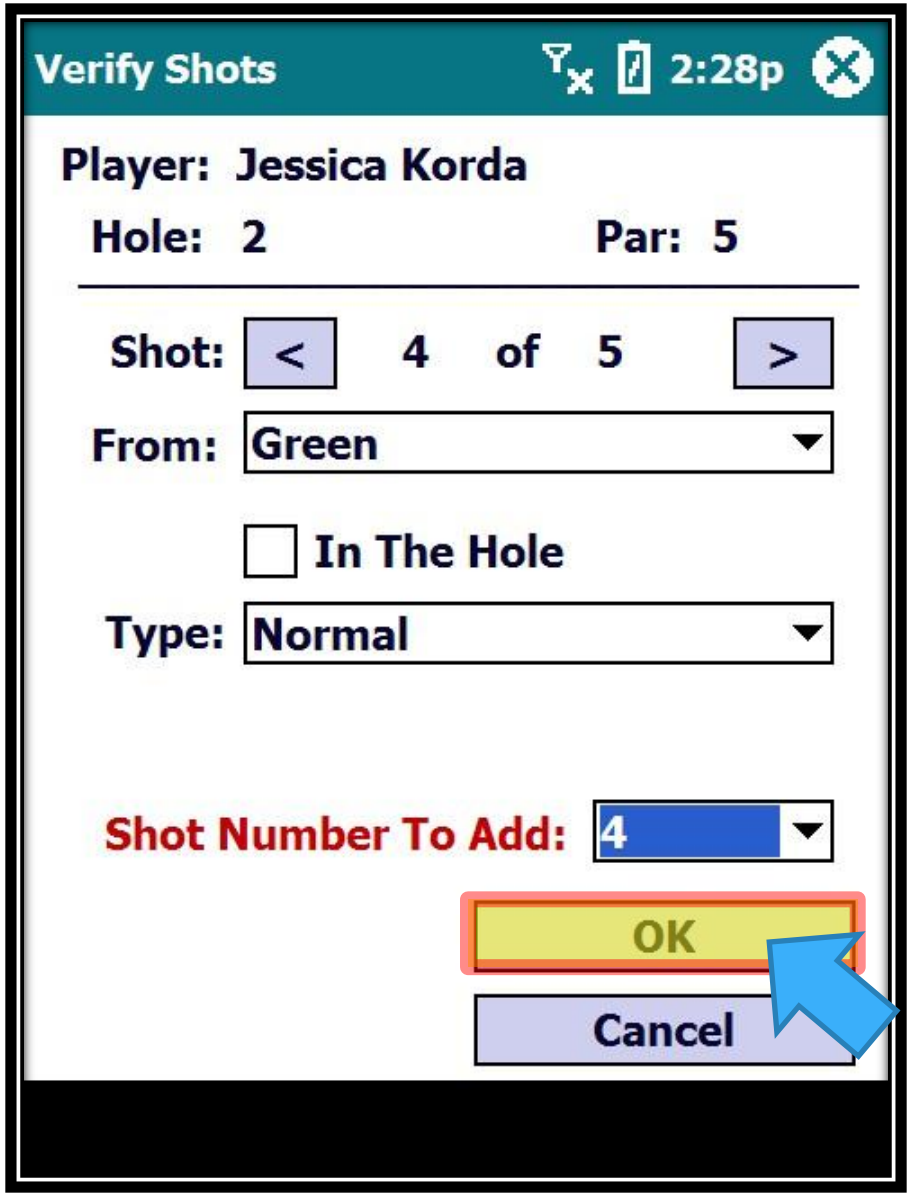
You can add shots by hitting the “Add Shot” button…

A message box will appear asking for confirmation. Click on “OK” to continue…

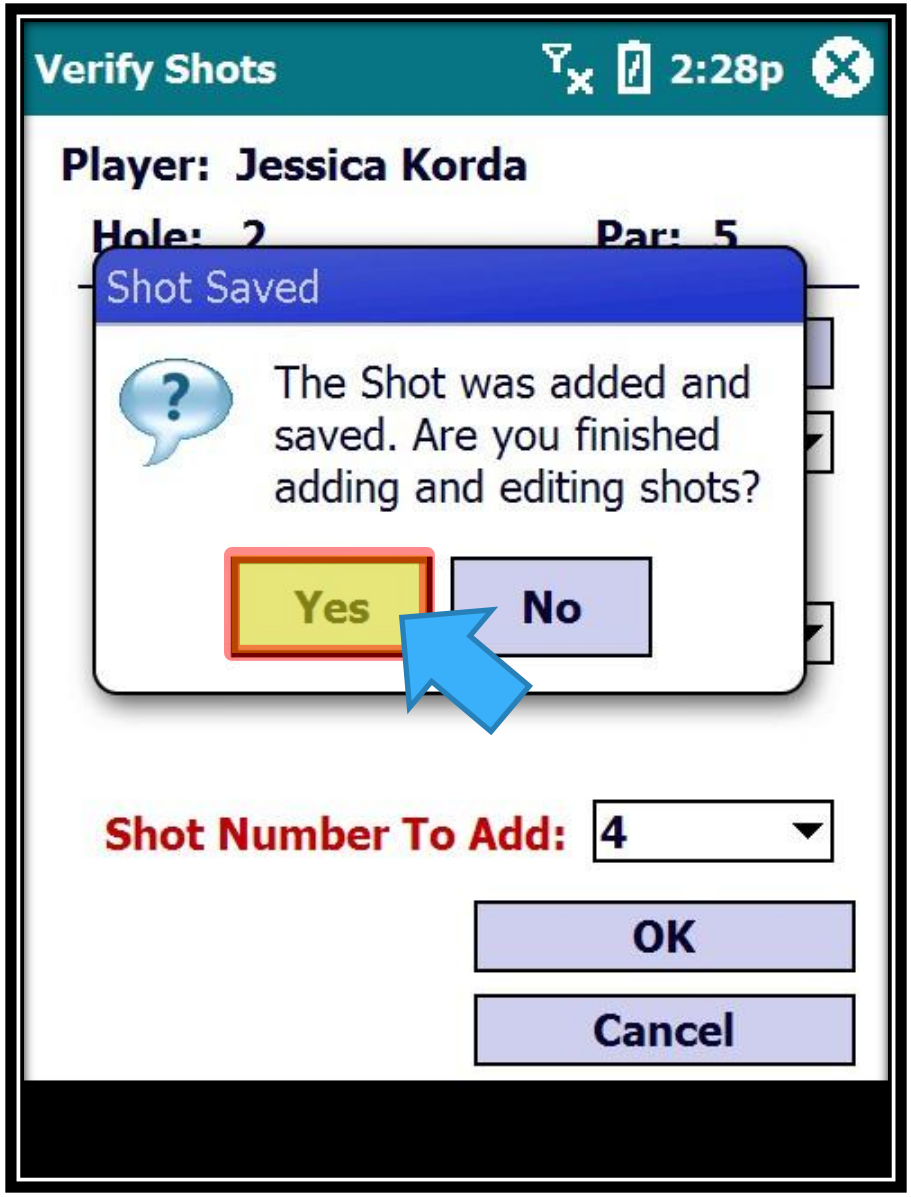


Click on the Shot Number dropdown and select the Shot Number you wish to Add…

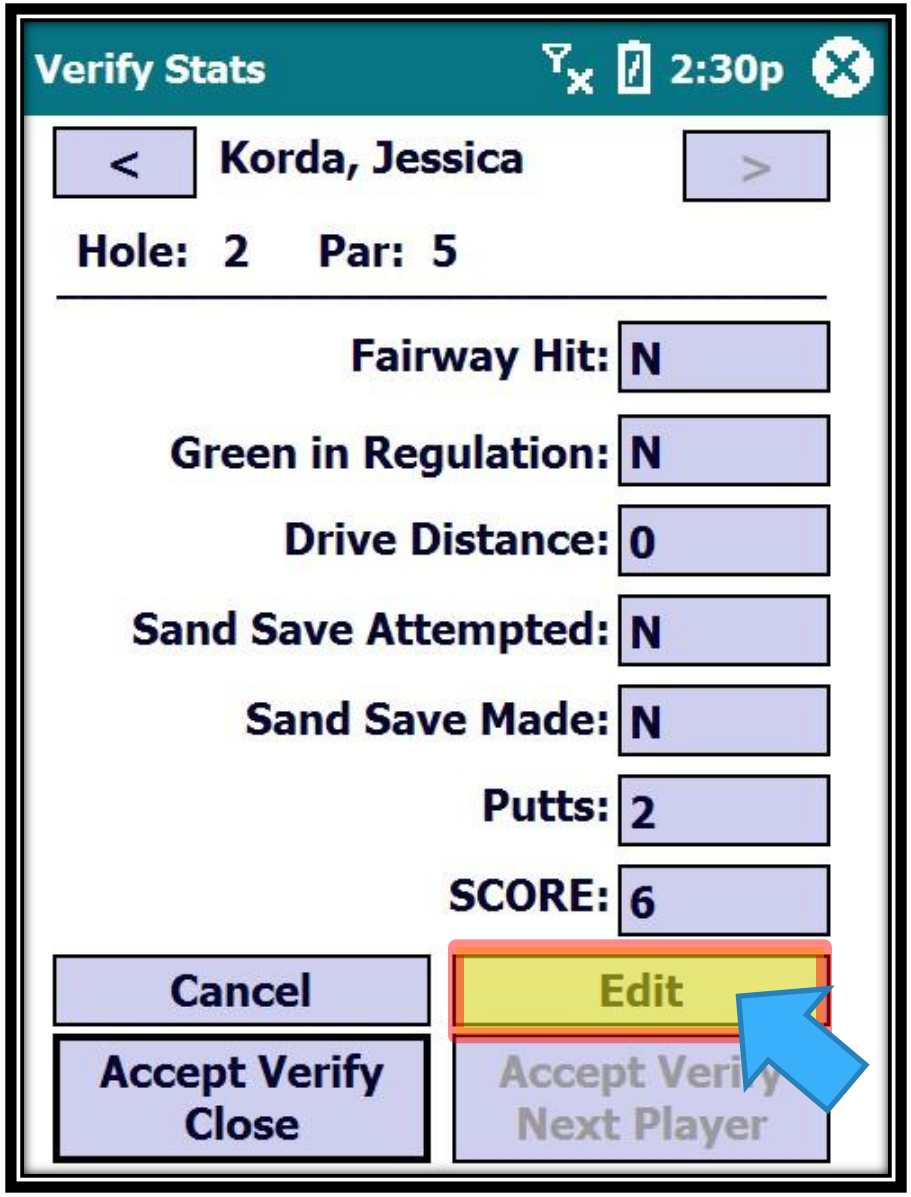
You can also change the From location, if needed.



Click on “OK” to continue…

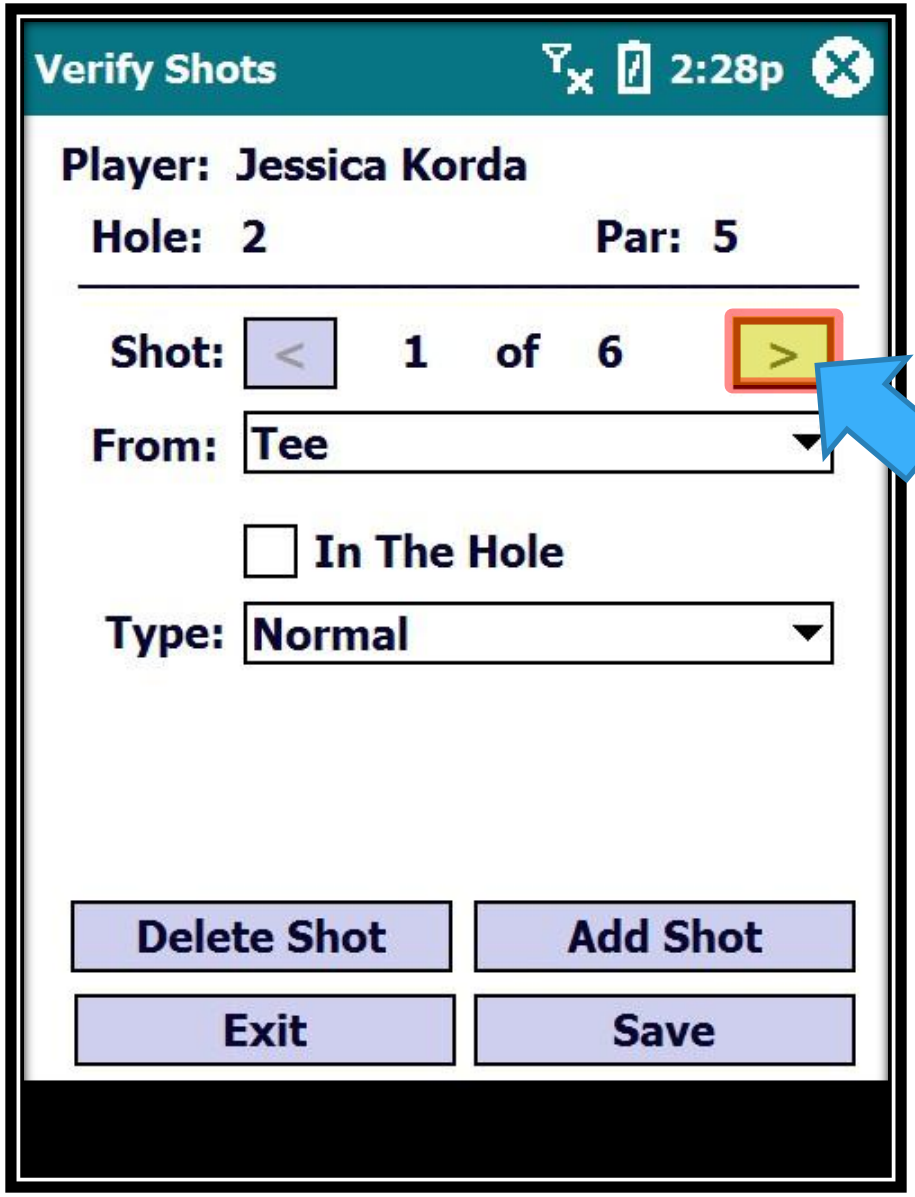


A message box will appear after the shot is added and will ask you if you are done editing shots…



All stats and shot counts will be updated accordingly…

Let's make another edit and change the From location of the 4th shot…



Move to the 4th shot by clicking on the next shot button…

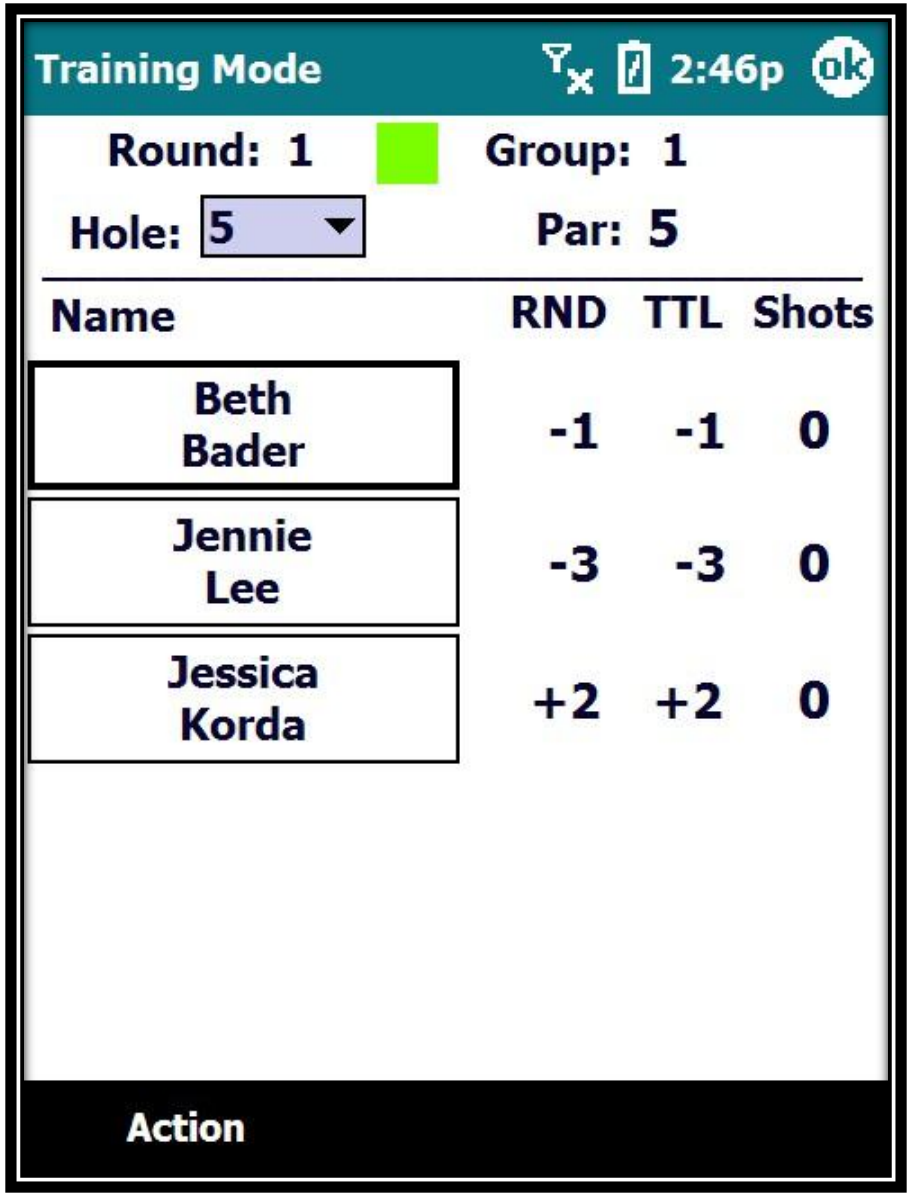
Provisional Shots

An extra ball played when the player thinks the first shot led to a lost ball. However, if the player finds that first ball in play, then the provisional shot does not count – the first shot does.



Let's enter Tee shots for all 3 players and we will assume Beth and Jennie hit bad tee shots that we are not sure where they ended up.

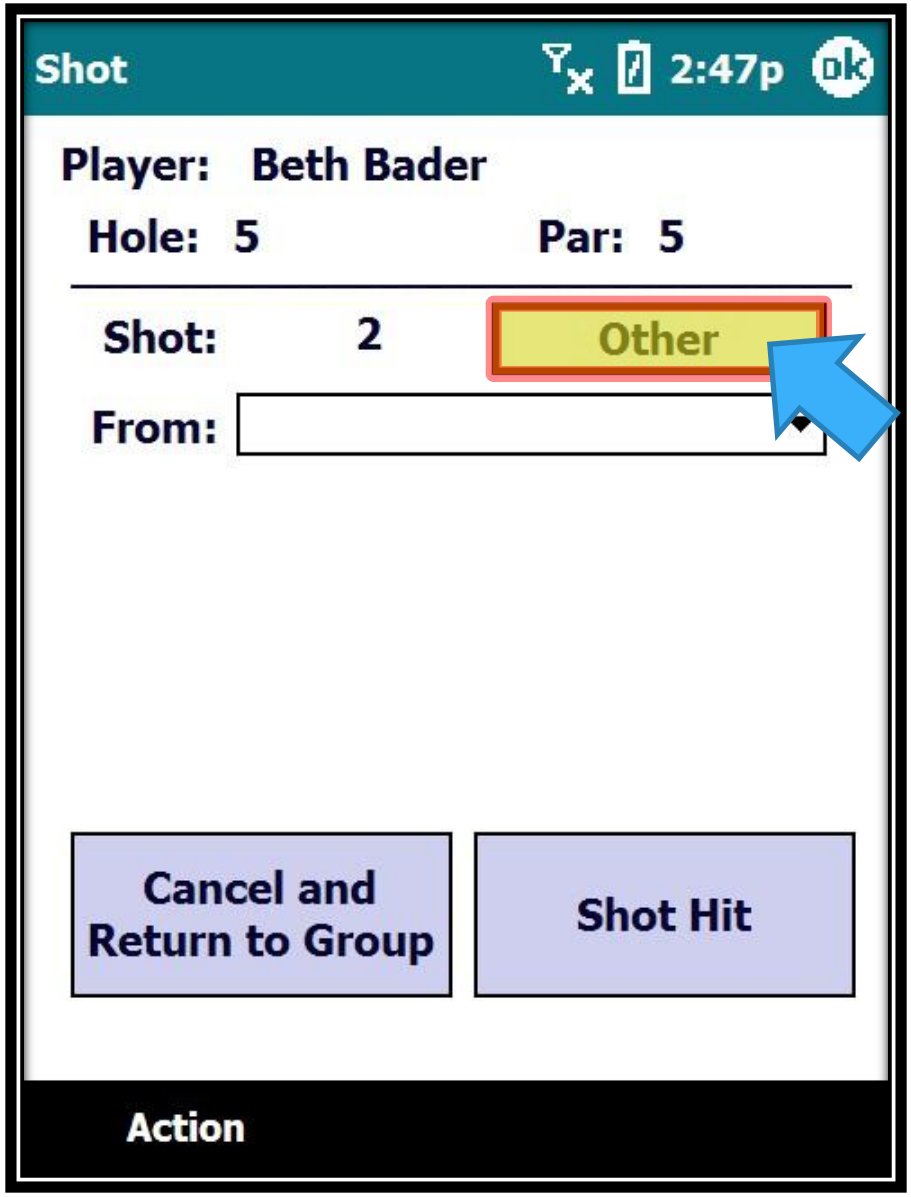
Beth decides to hit a provisional because she is not sure where her first ball ended up. She will declare the provisional shot to the other players.



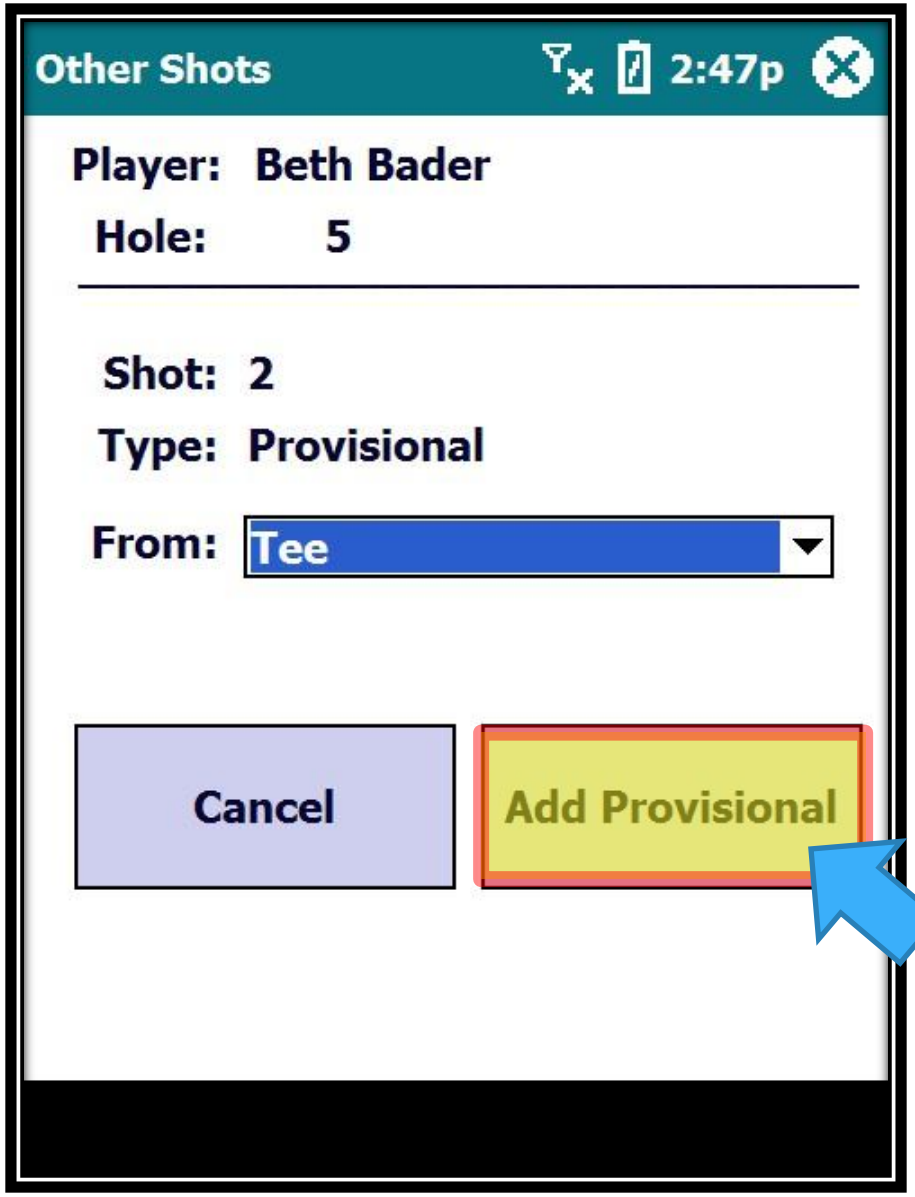
Click on the OTHER button…

A menu of options appears… select “Provisional”

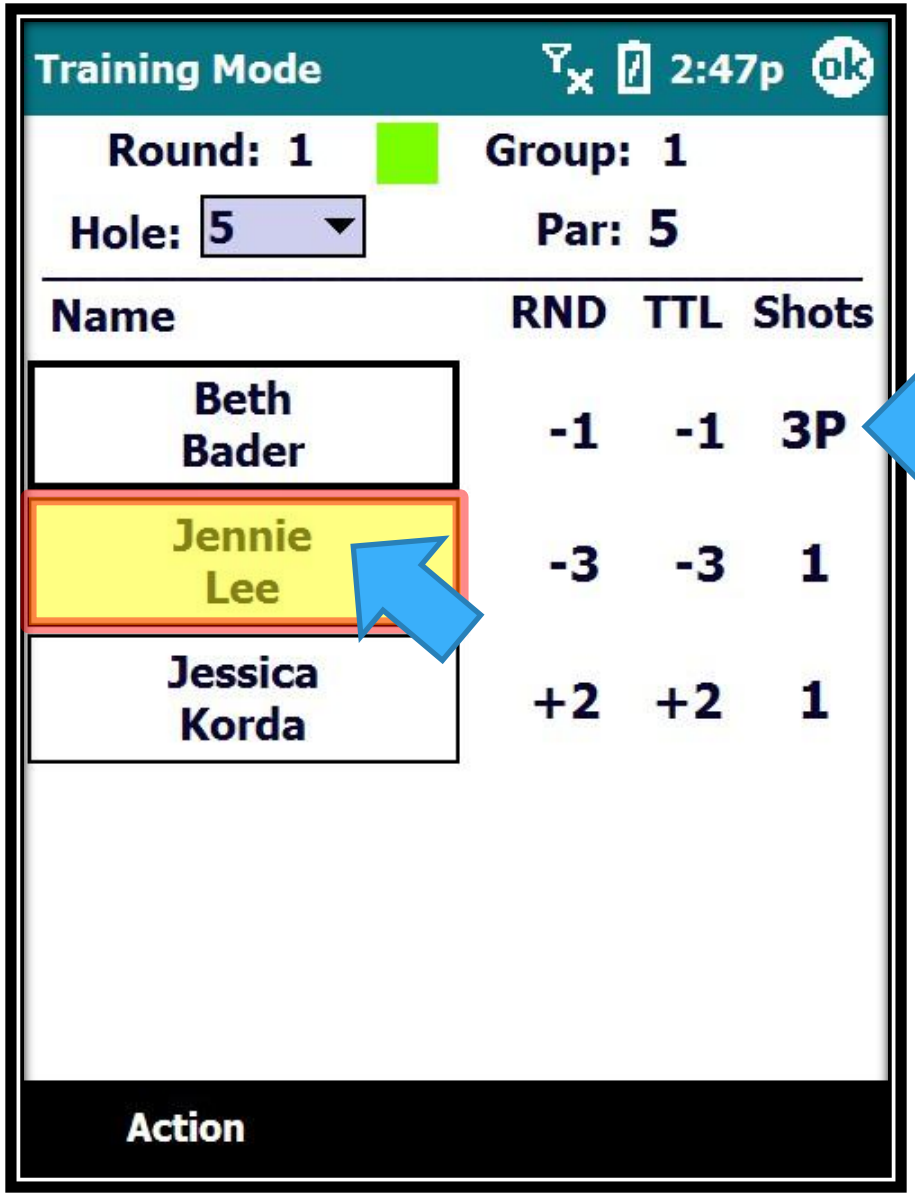
A screen appears showing the shot number and that it is a provisional. You may need to change the From location…

Beth is hitting this provisional from the Tee so we will change the From location to Tee…

Other Shots
2:47p
Player: Beth Bader
Hole: 5
Shot: 2
Type: Provisional
From: Tee
Cancel
Add Provisional

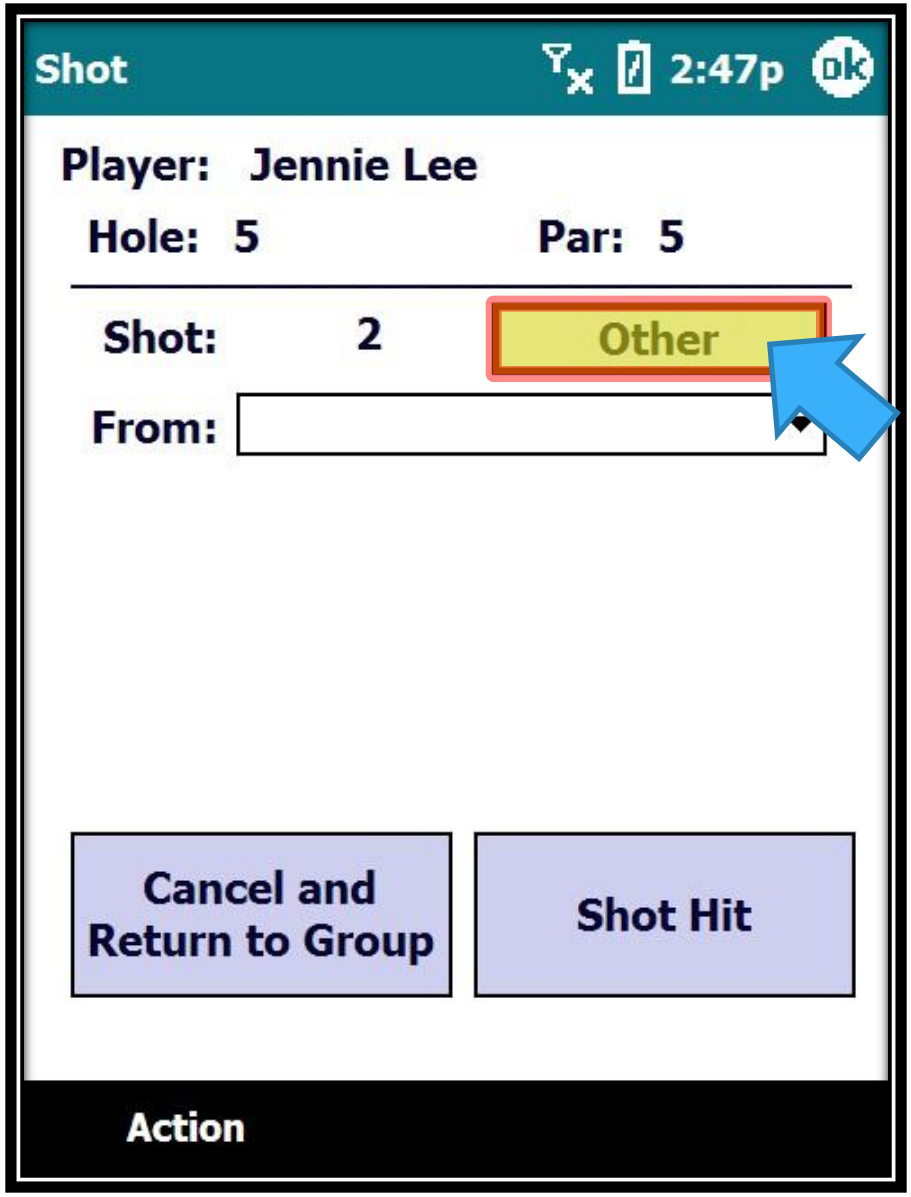


Click on "**Add Provisional**" to continue…



Notice that a "P" appears next to the shot count indicating that a Provisional has been played.

Jennie also needs to play a provisional shot…



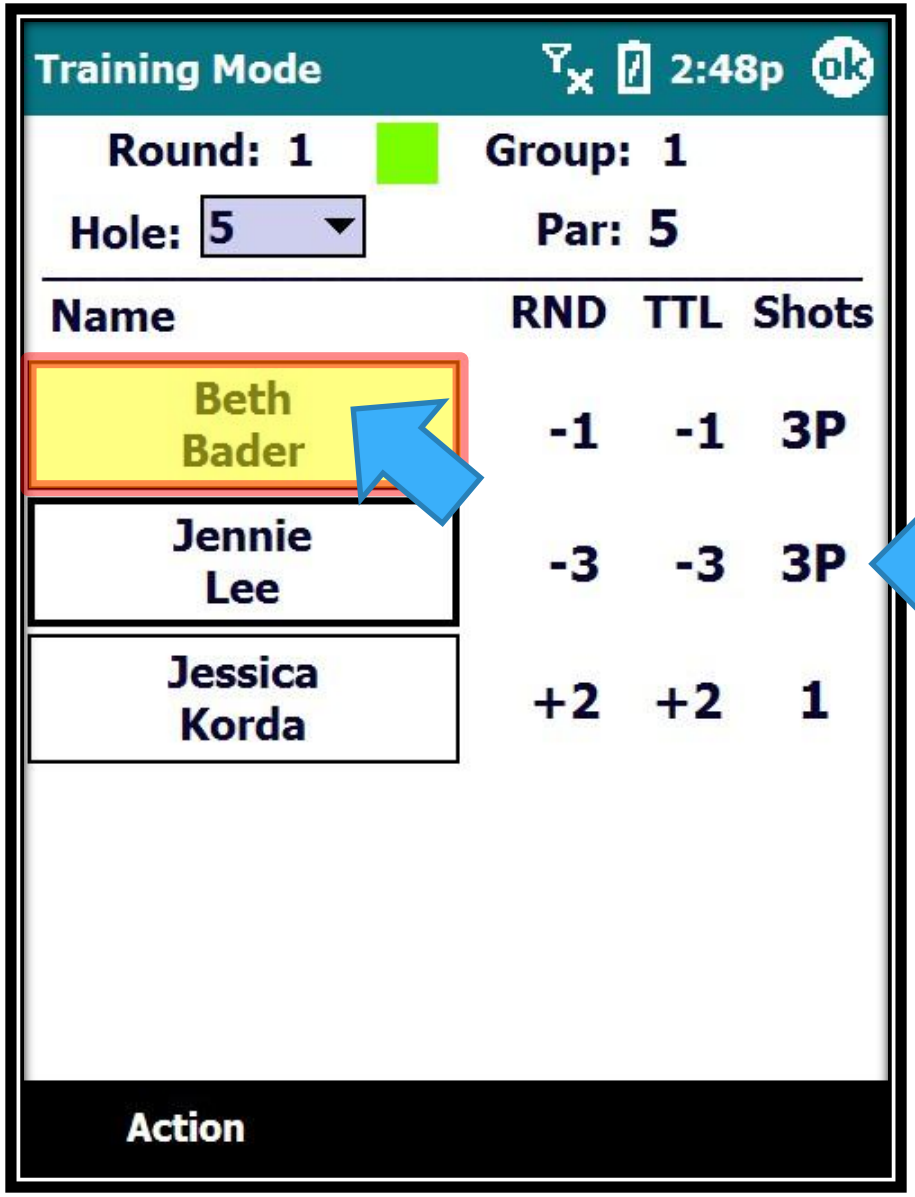
Click on the OTHER button…

A menu of options appears… select “Provisional”

A screen appears showing the shot number and that it is a provisional. You may need to change the From location…

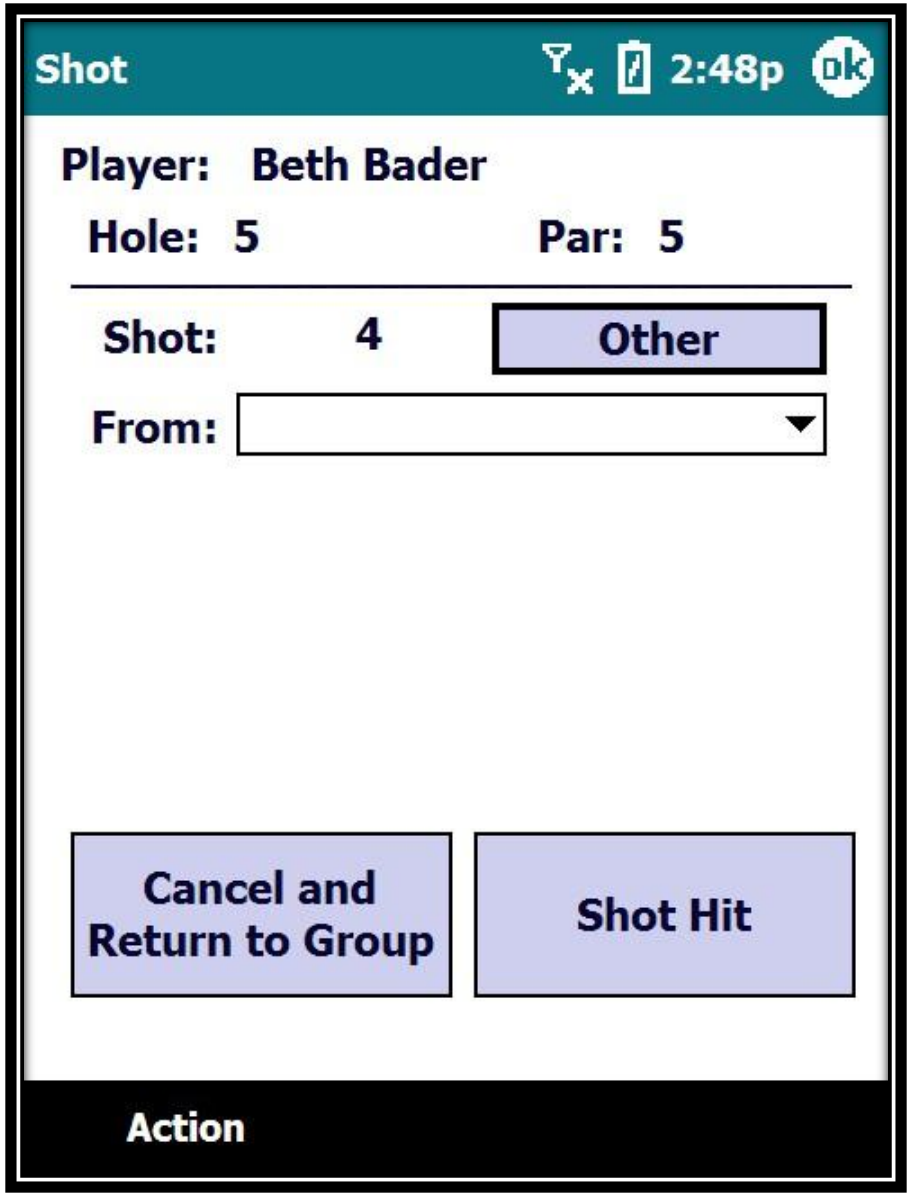
Click on "**Add Provisional**" to continue…

Ok, Beth has determined her first shot was OB (or lost) and she will need to play her provisional shot… click on her name.



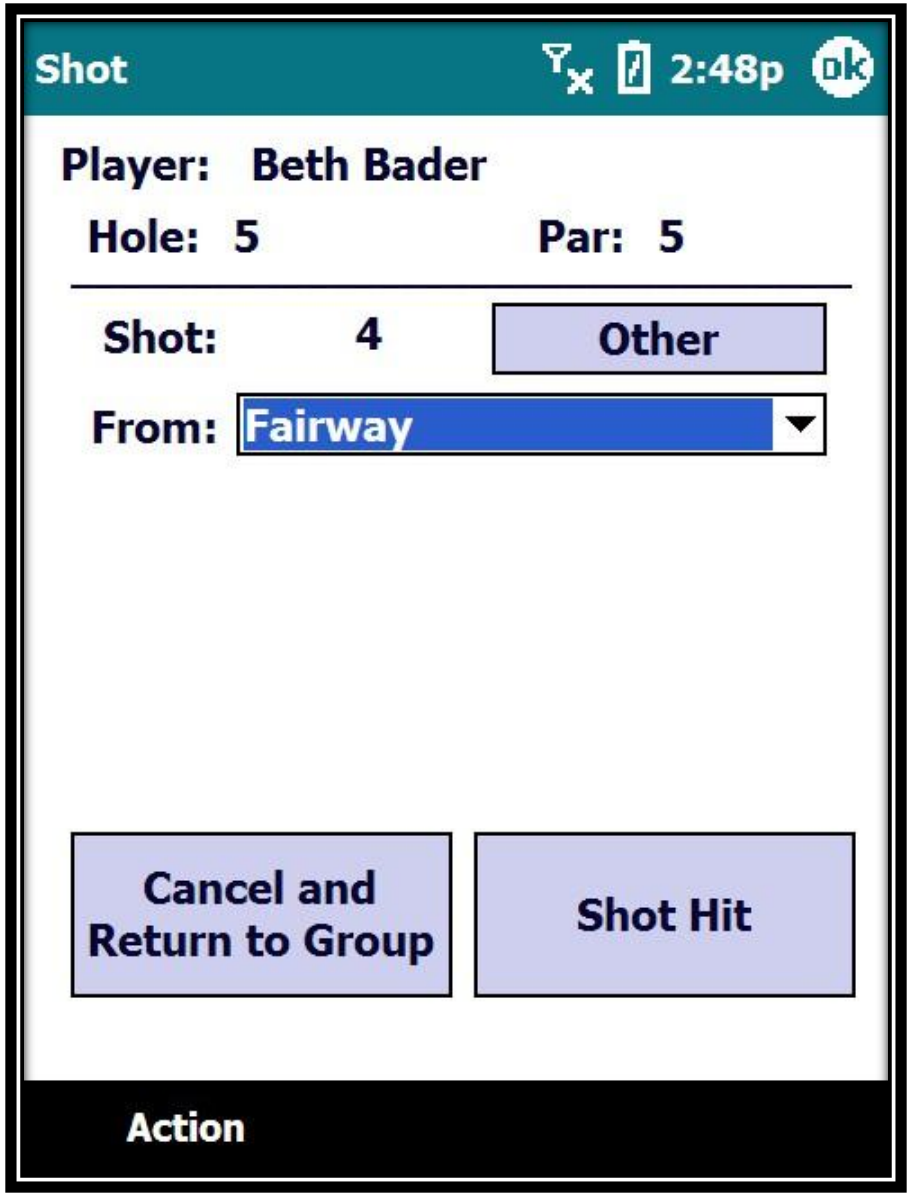
Again, a “P” appears next to the shot count indicating that a Provisional has been played.

A message box will display asking you if she will use the Provisional shot or not. Since Beth is using her provisional shot we will select “Yes”.



The system will make the necessary adjustments and set up for the next shot entry, which in this case will be her 4th shot…

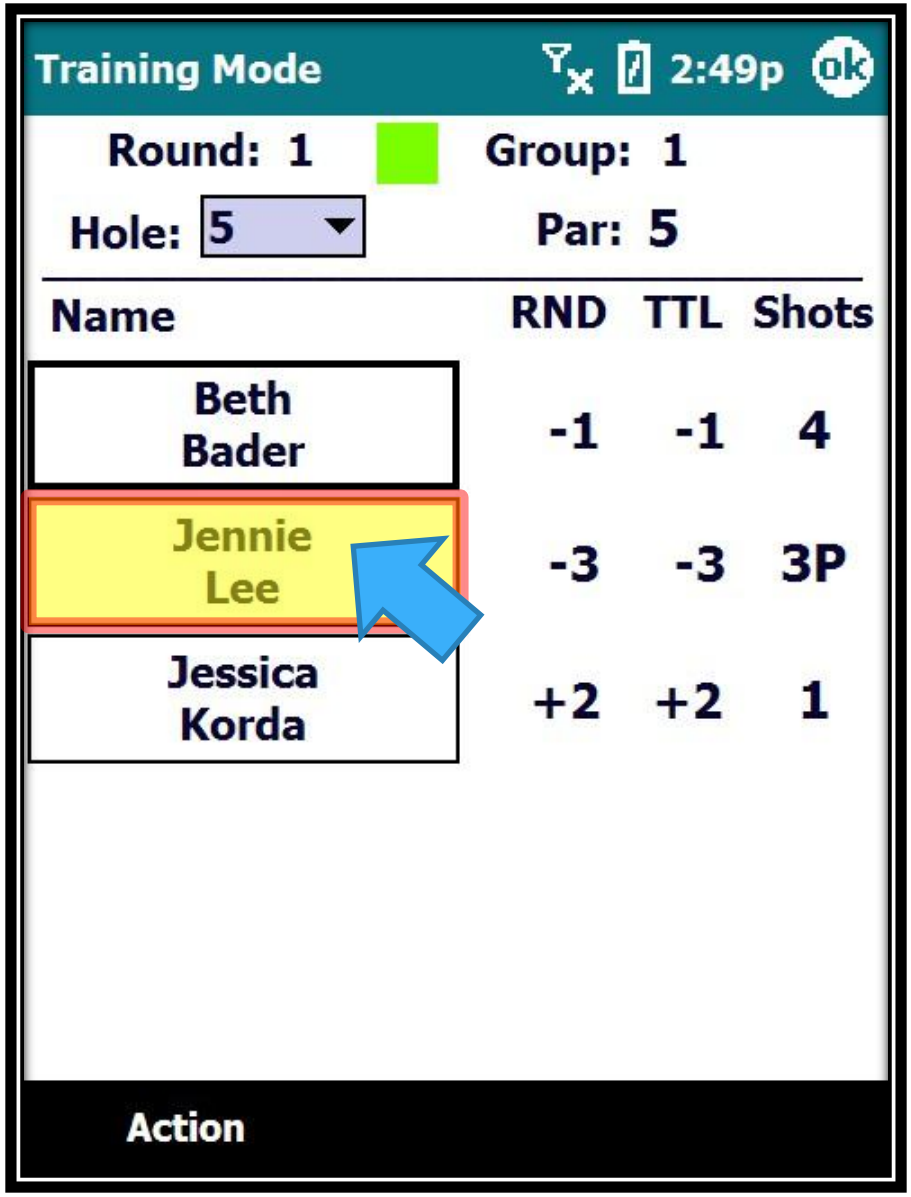
1st = Bad Shot
2nd = Penalty
3rd = Provisional



Her next shot (from the location of the provisional ball) is from the fairway, so we will select that and continue on…

The shot is recorded and you can Return to the Group Screen…

Now let's handle Jennie's provisional situation…



A message box will display asking you if she will use the Provisional shot or not. In this case, Jennie has found her first ball in play and will not use the Provisional ball, so we will select “No”.

The system will get rid of the provisional (and penalty) shot and setup for the next shot… you can then proceed as usual.

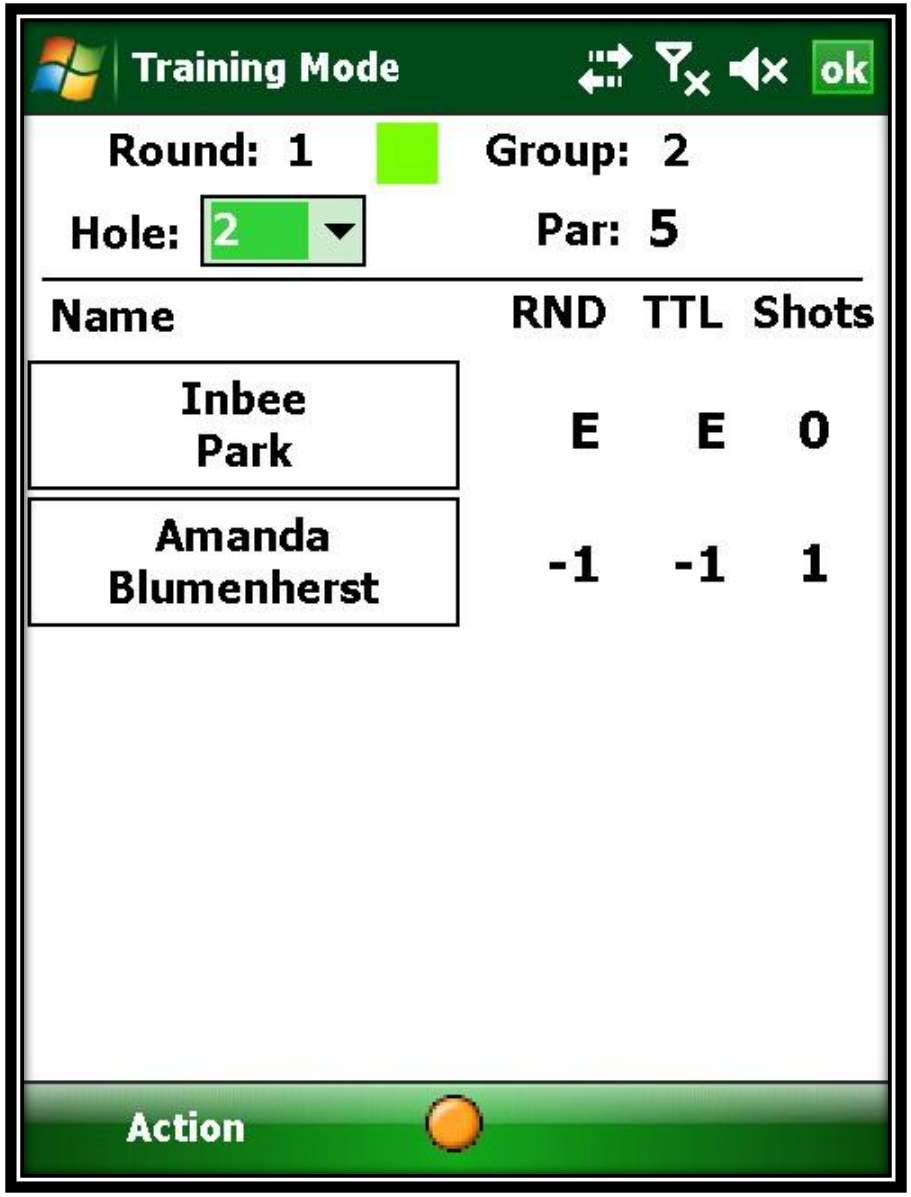
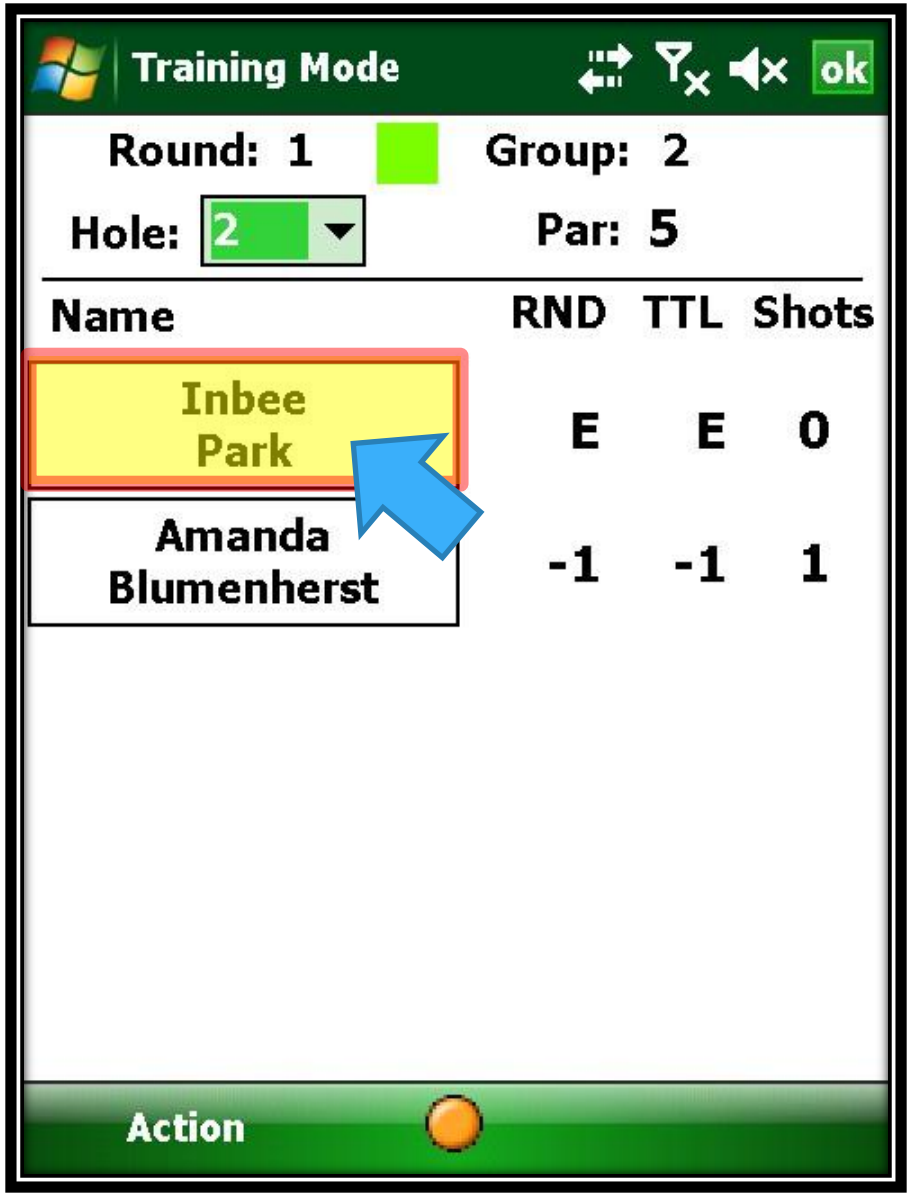
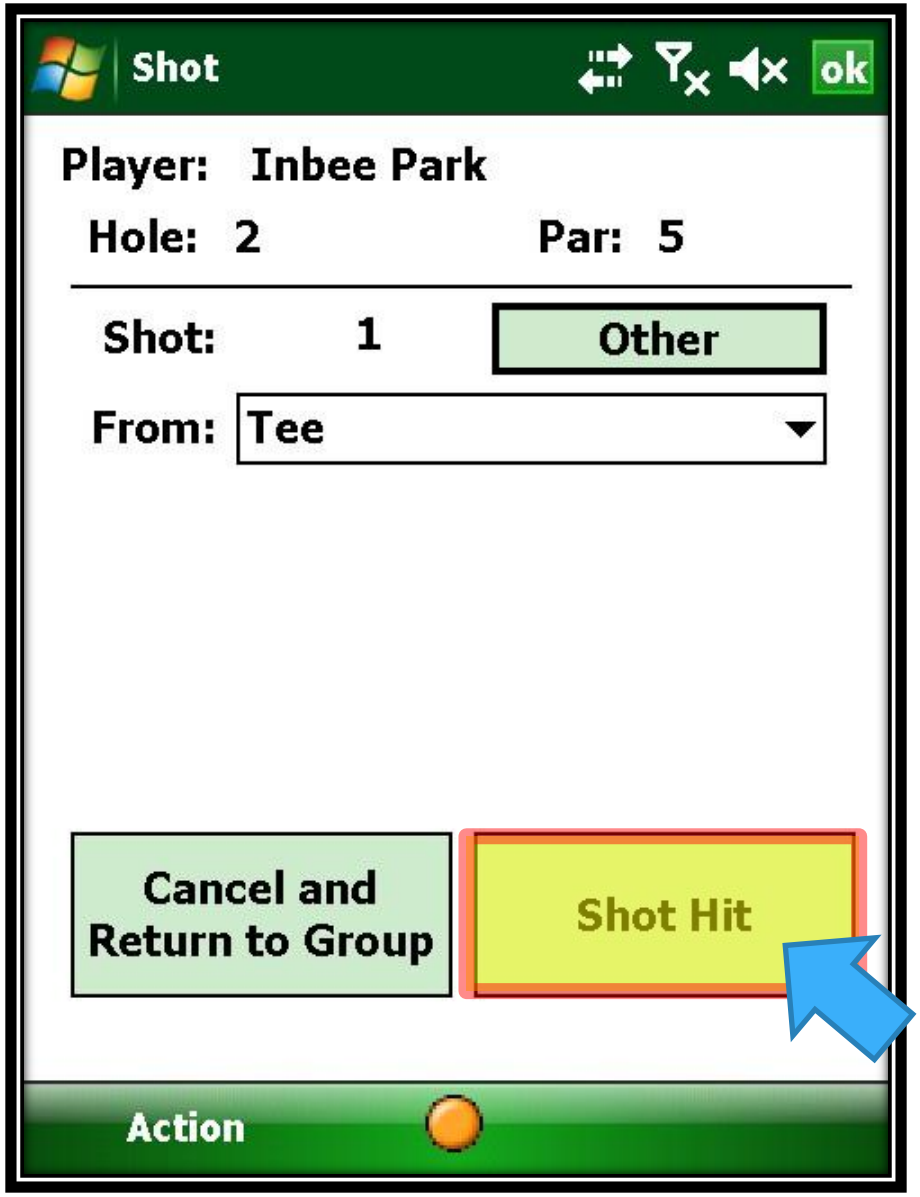
Entering Drive Distances



On 2 holes we will need to measure Drive Distance… In this example, Hole #2 is a designated Drive Distance Hole… We've already entered the Tee shots for Blumenhurst…

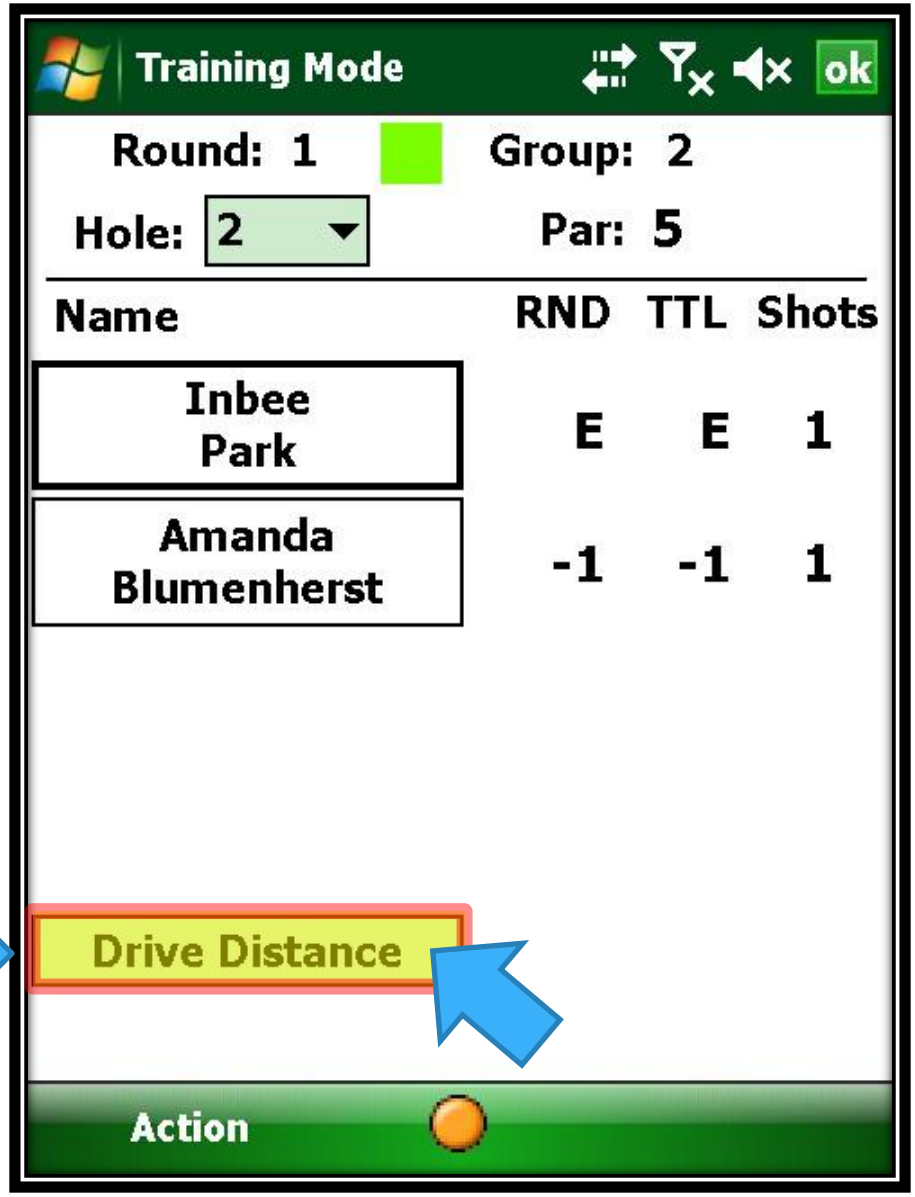


Now we will enter the Tee shot for Inbee Park…



From the Tee, and click on Shot Hit…

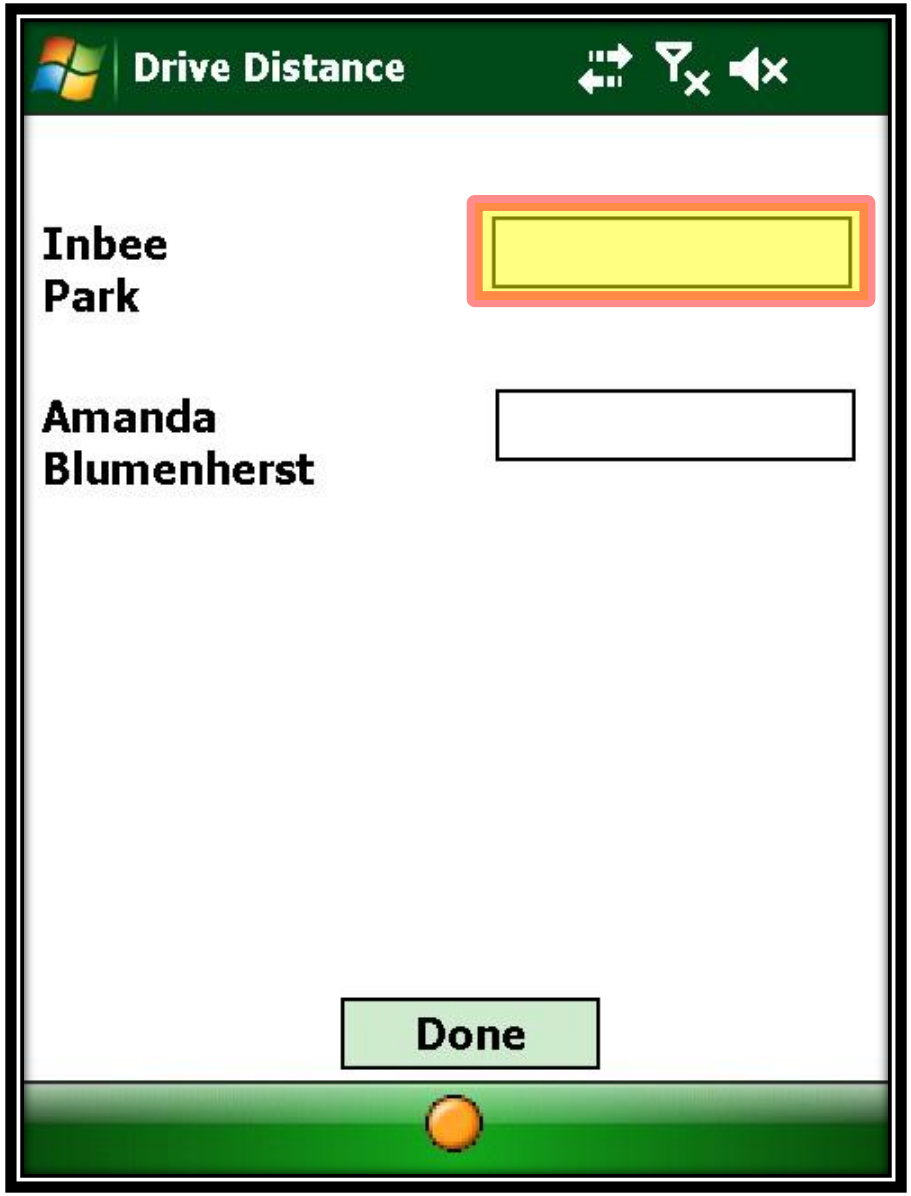
Tee Shot is recorded and we will return to the Group screen…



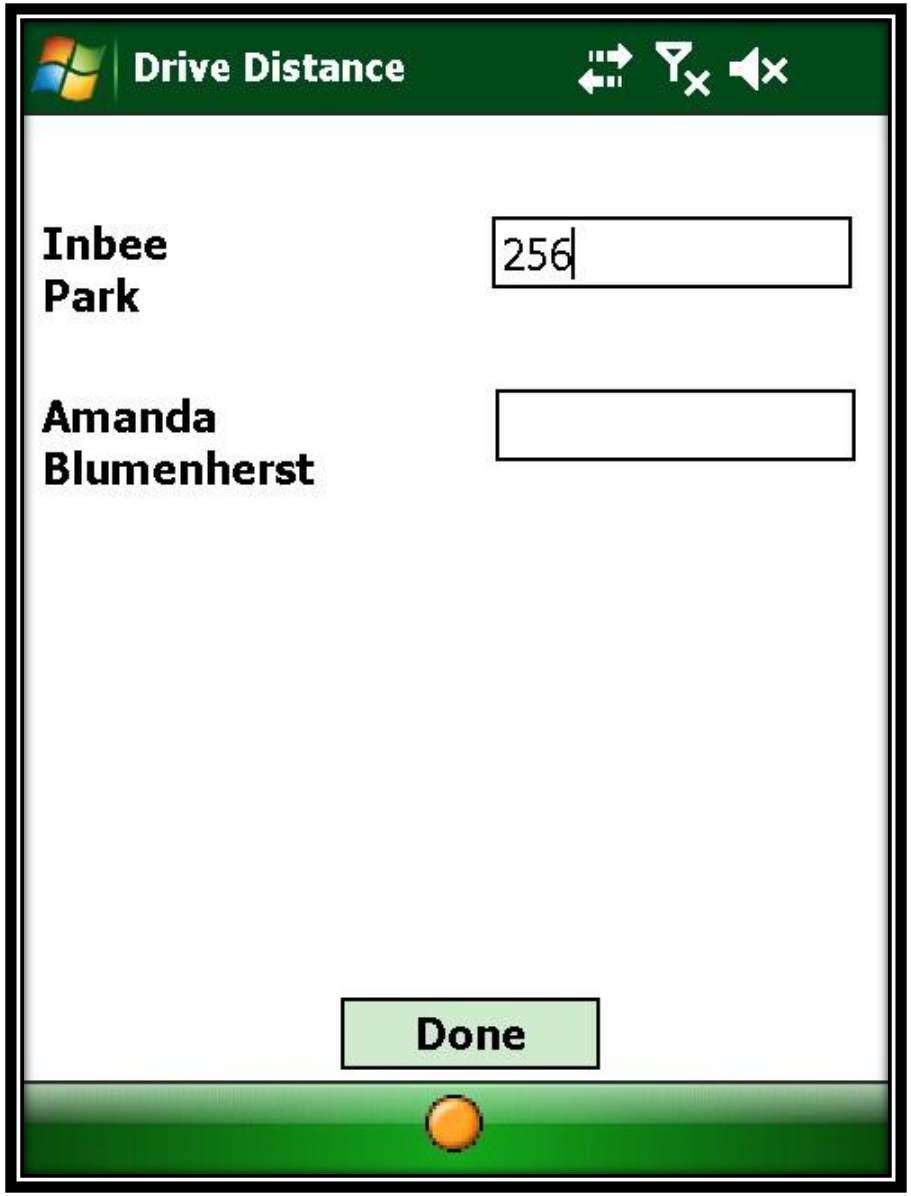
Once all players have at least 1 shot, then the Drive Distance button will appear…

Click on the Drive Distance button to enter all players drives…

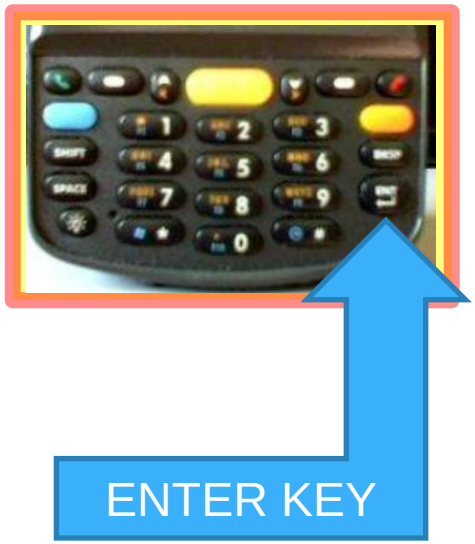
We see all players names and a entry field for their drive distance…

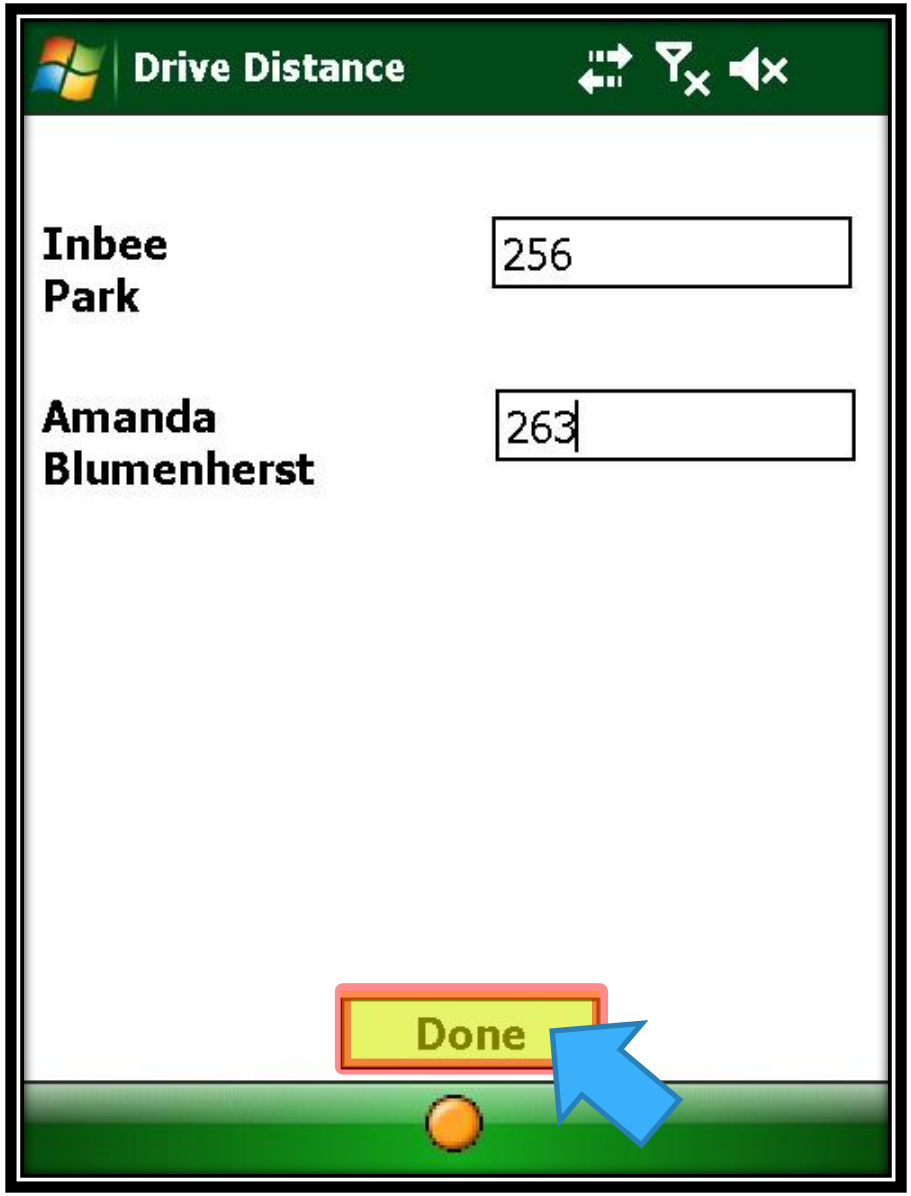


The system is ready to accept the 1st player's drive, so we will just start entering in the drive distance using the numeric keypad below the screen…

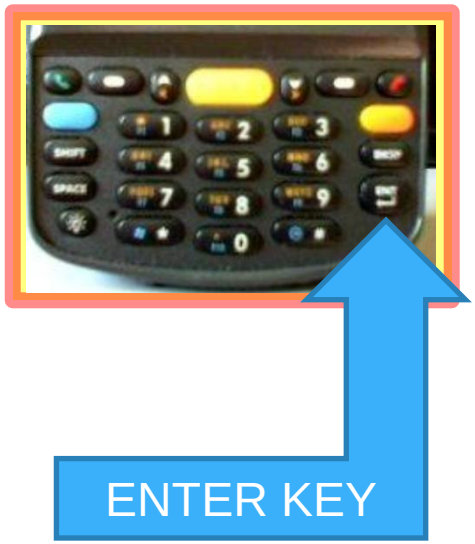


Type in the numbers and hit the ENTER KEY to move on to the next player…

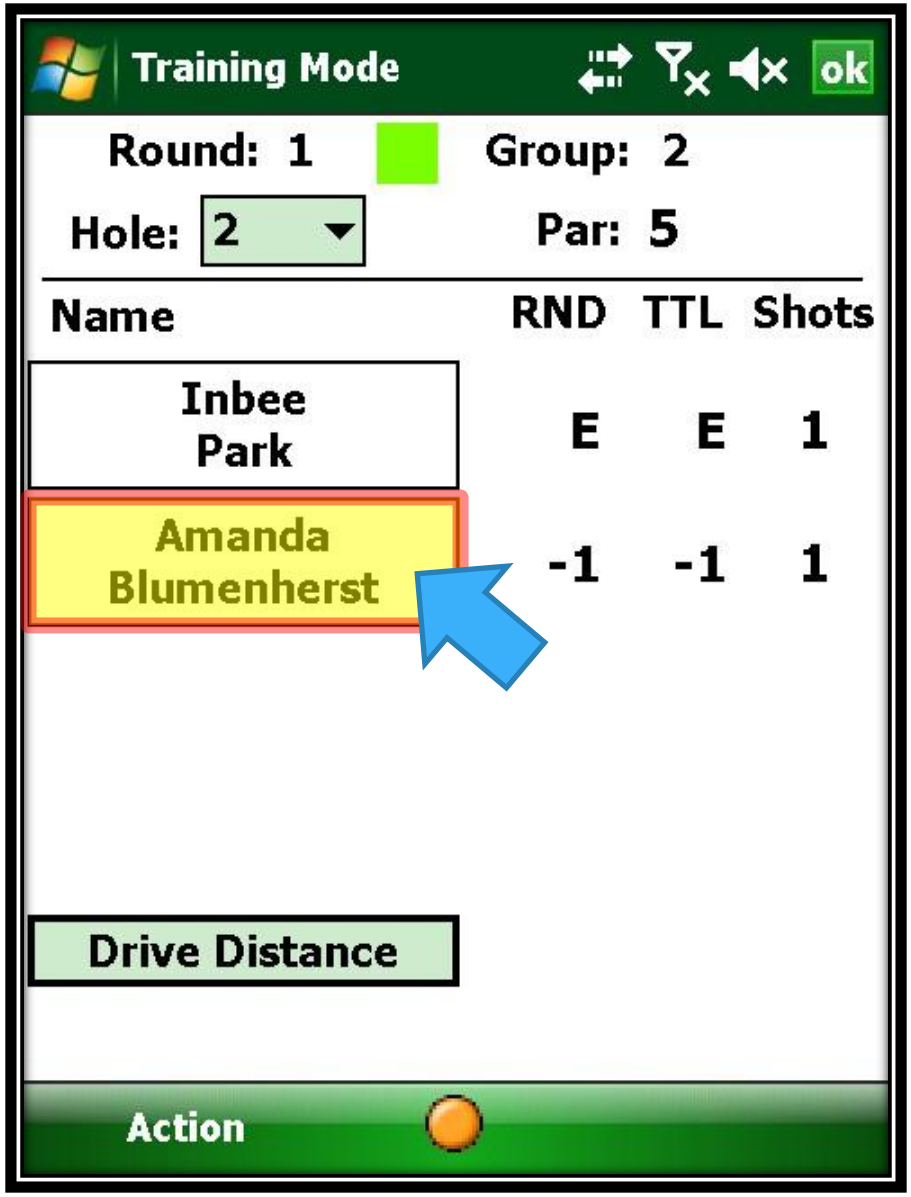




Type in the numbers and hit the ENTER KEY to continue…

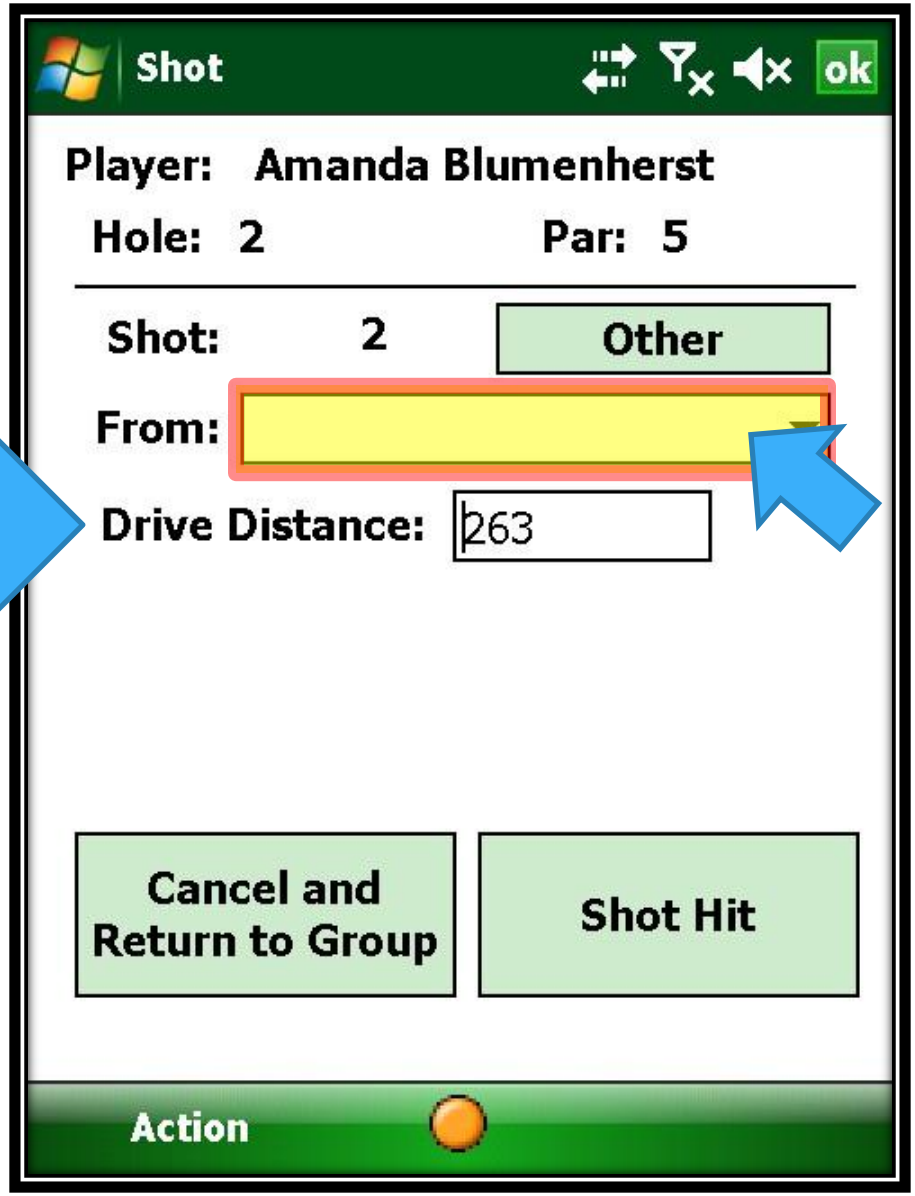


Click on the “Done” button when you are finished.

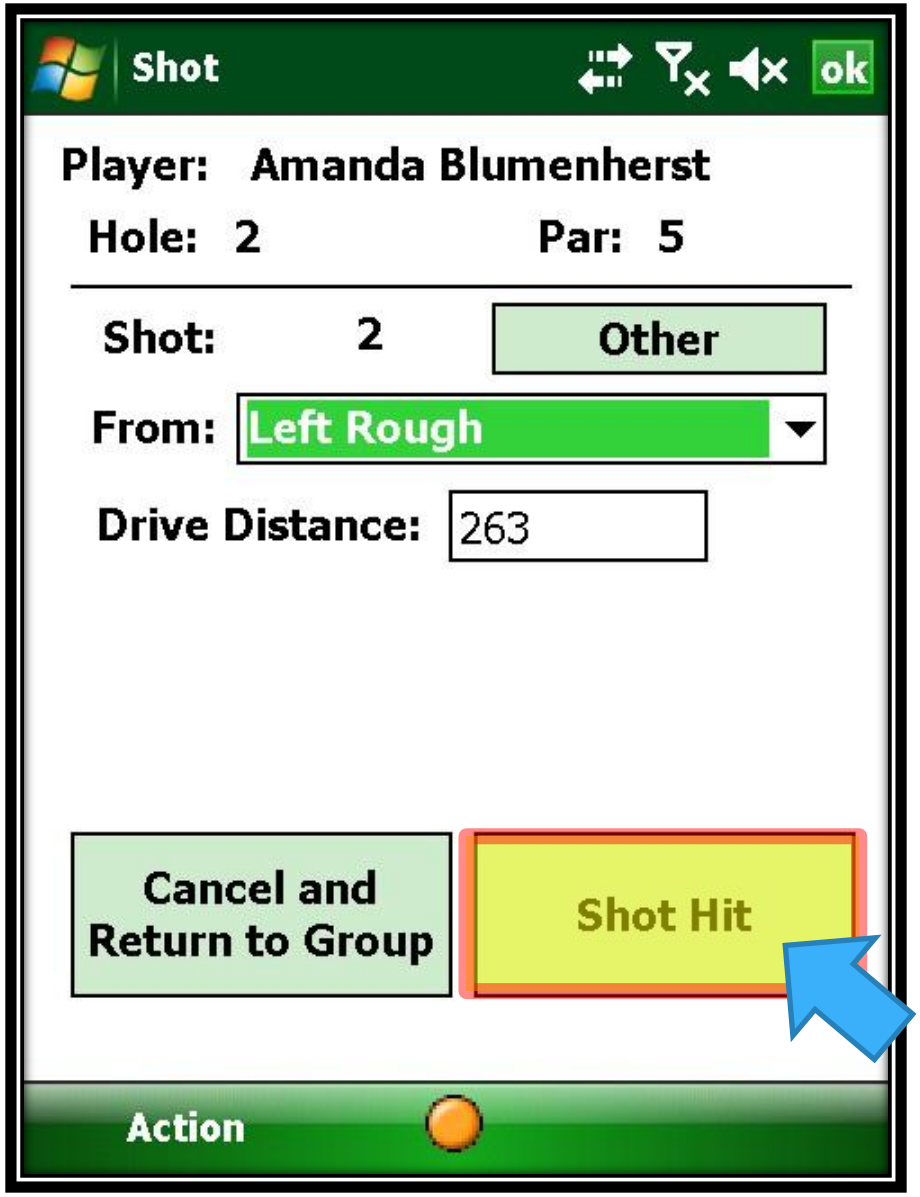


All drives are entered and we can proceed to score normally…

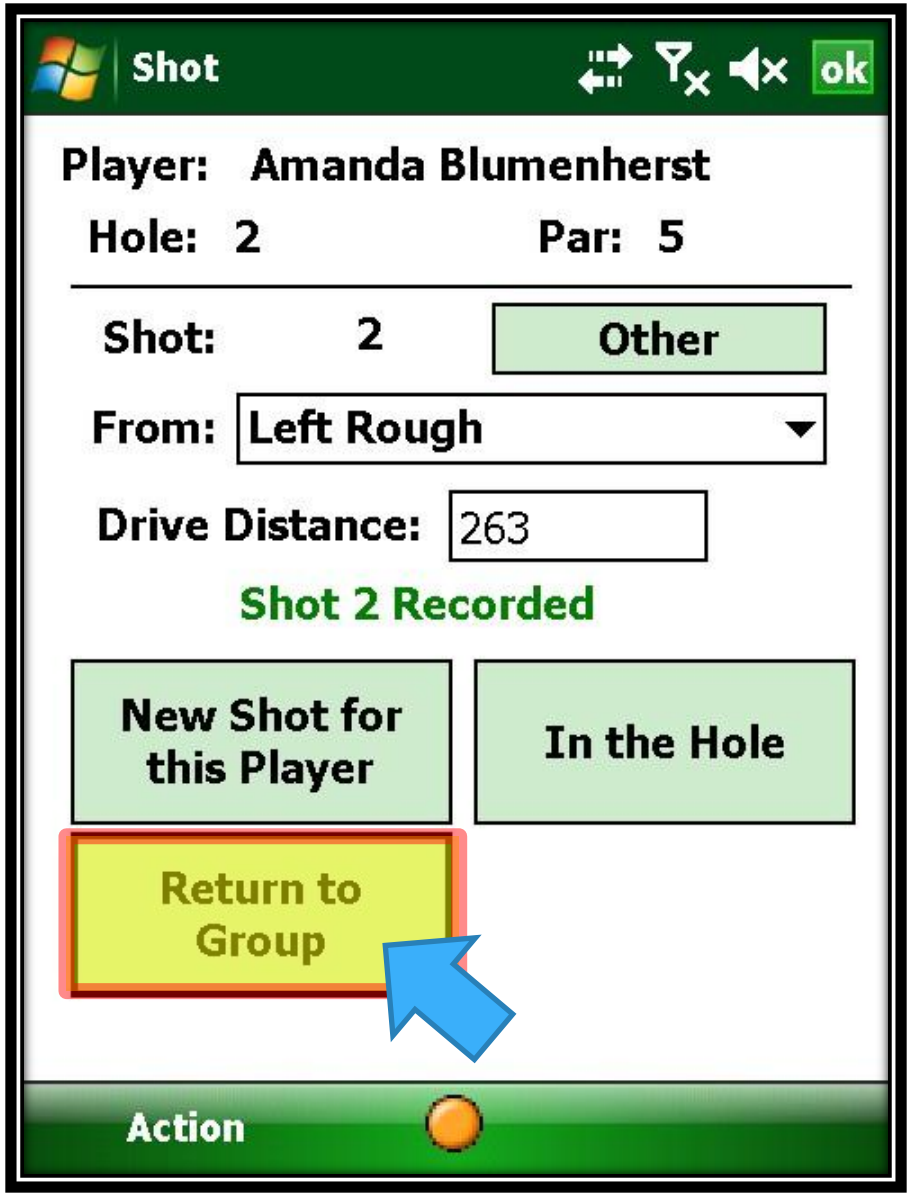
Notice the Drive Distance is available for entry or edit if needed.



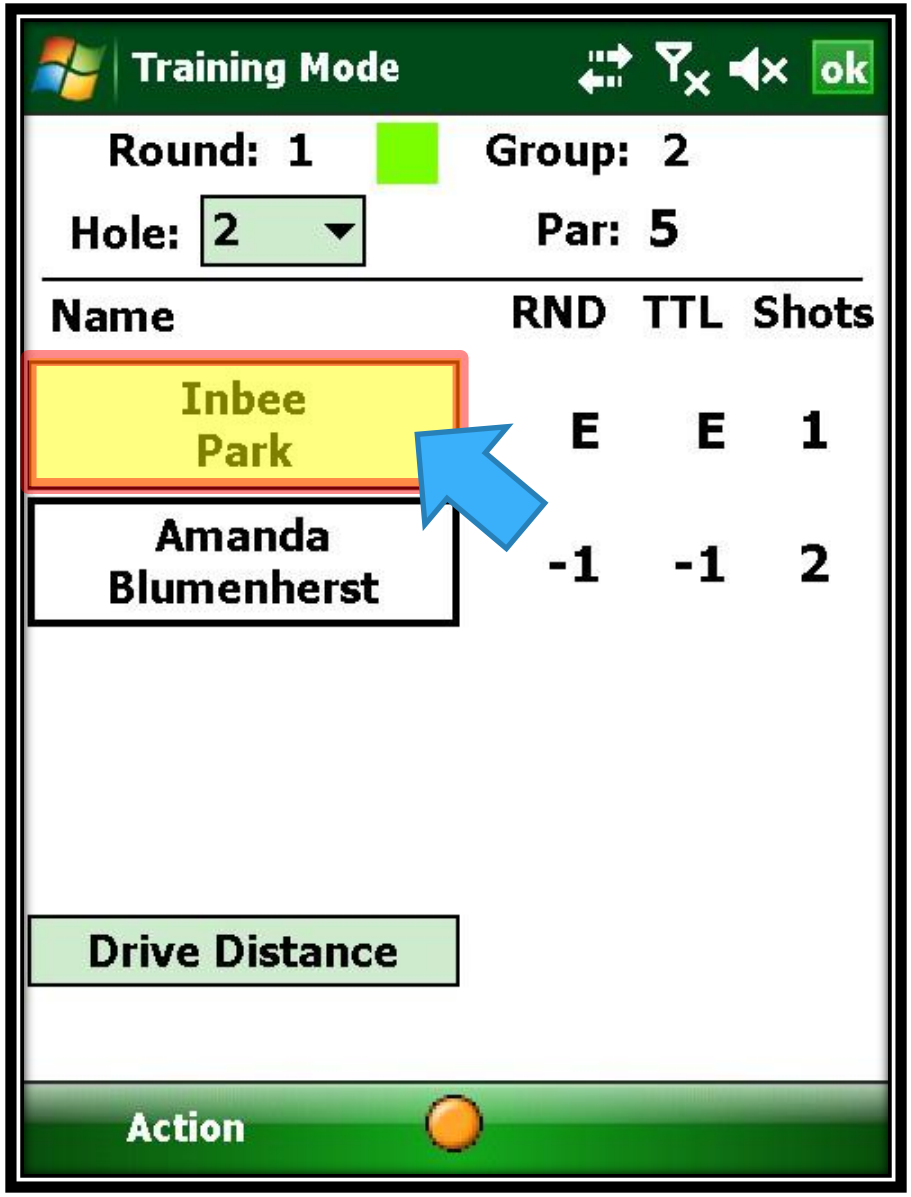
Select the proper FROM location…



From the Left Rough, and click on Shot Hit…

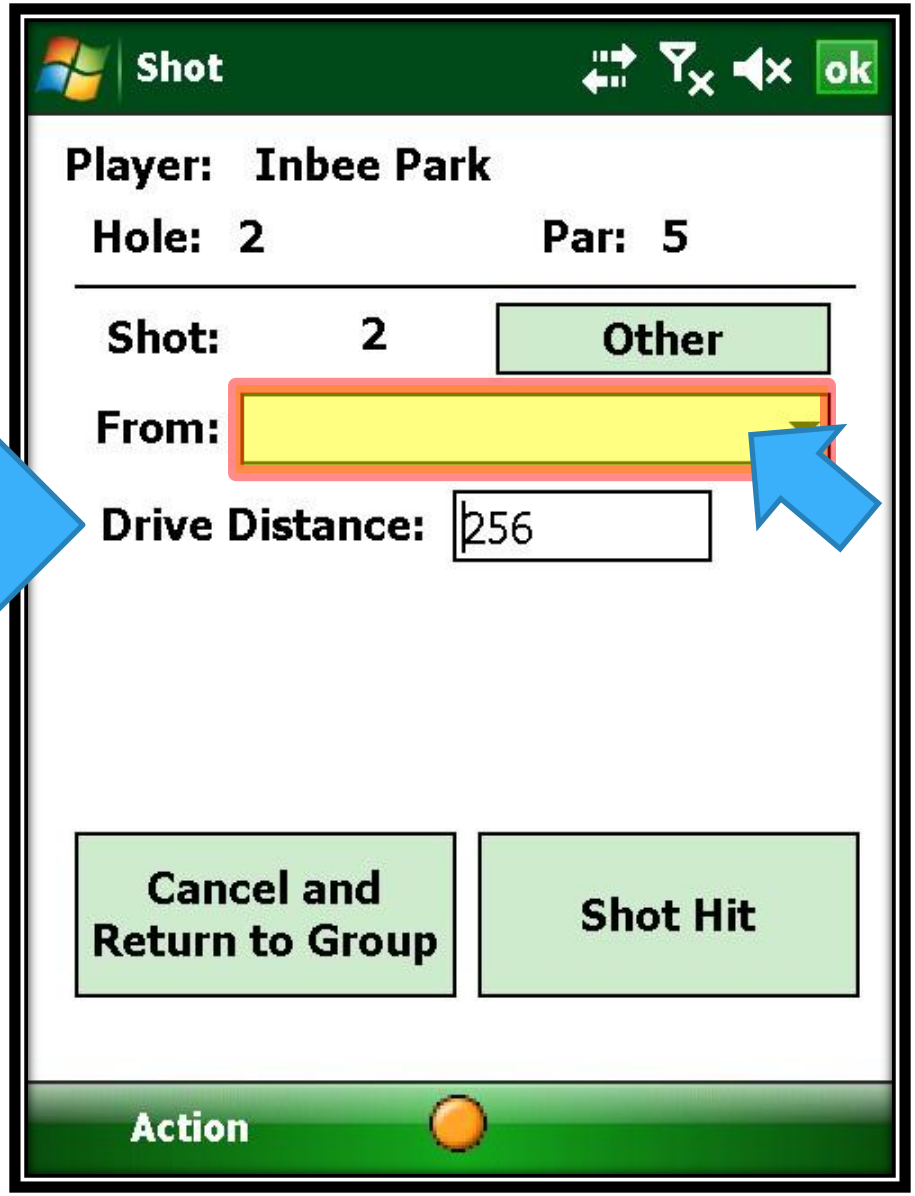


Shot #2 is recorded and we click on “Return to Group”…

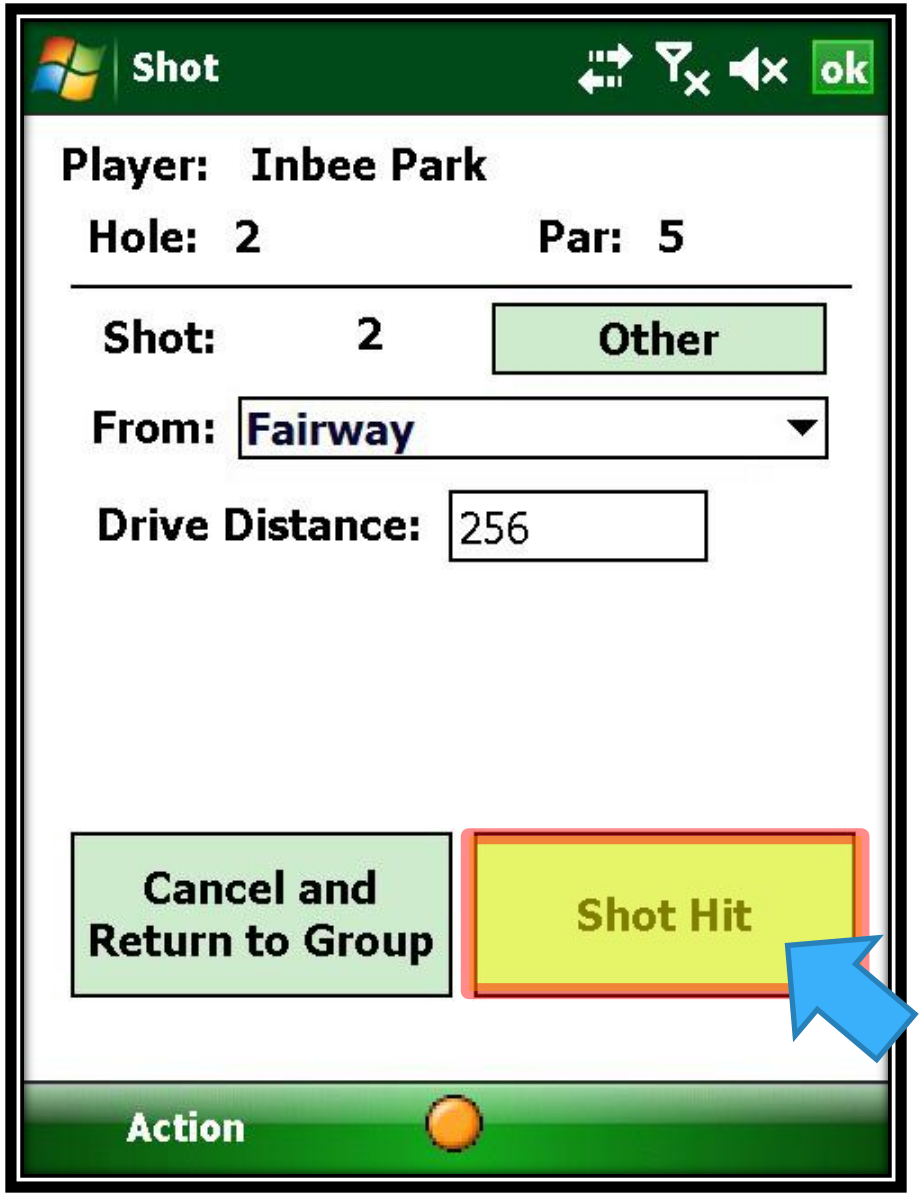


Now we click on Inbee Park to enter her 2nd shot…

Notice the Drive Distance is available for entry or edit if needed.



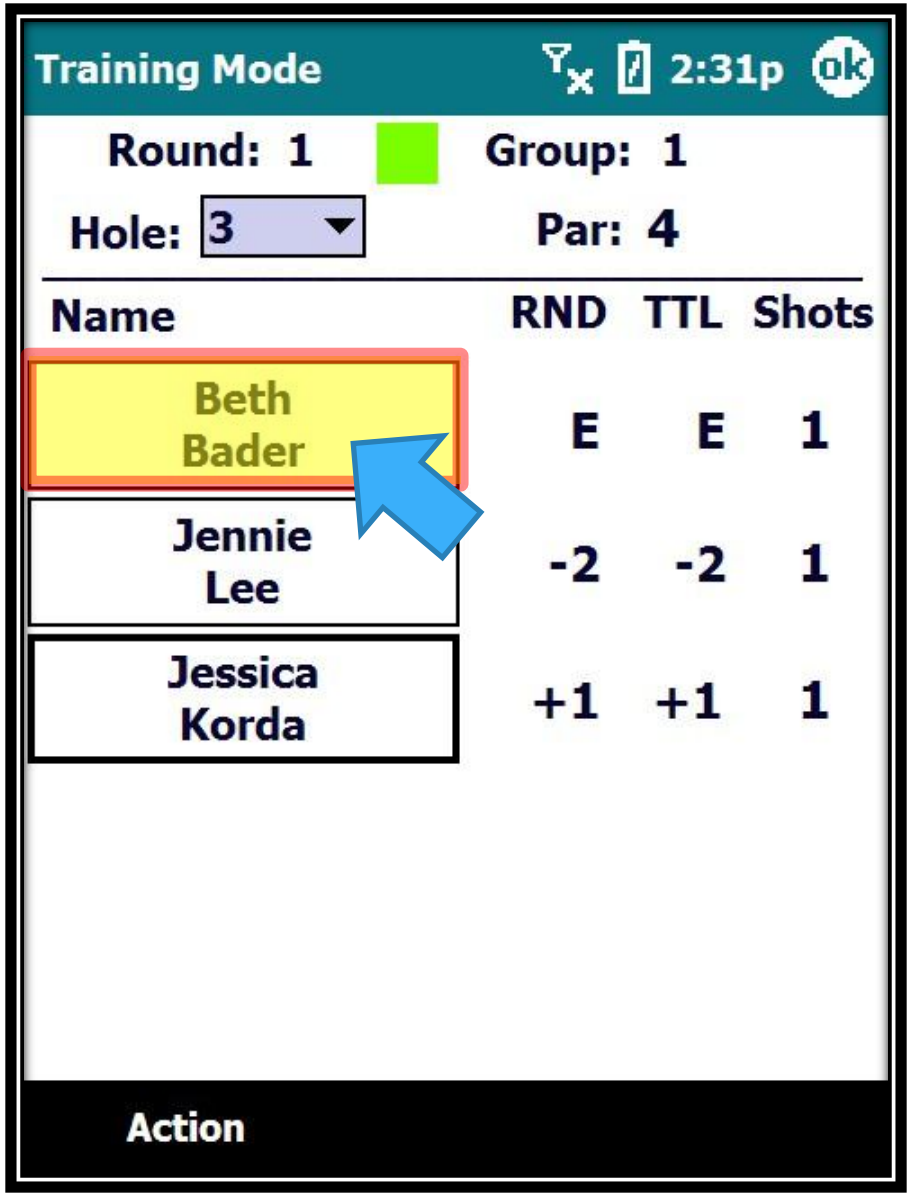
Select the proper FROM location…



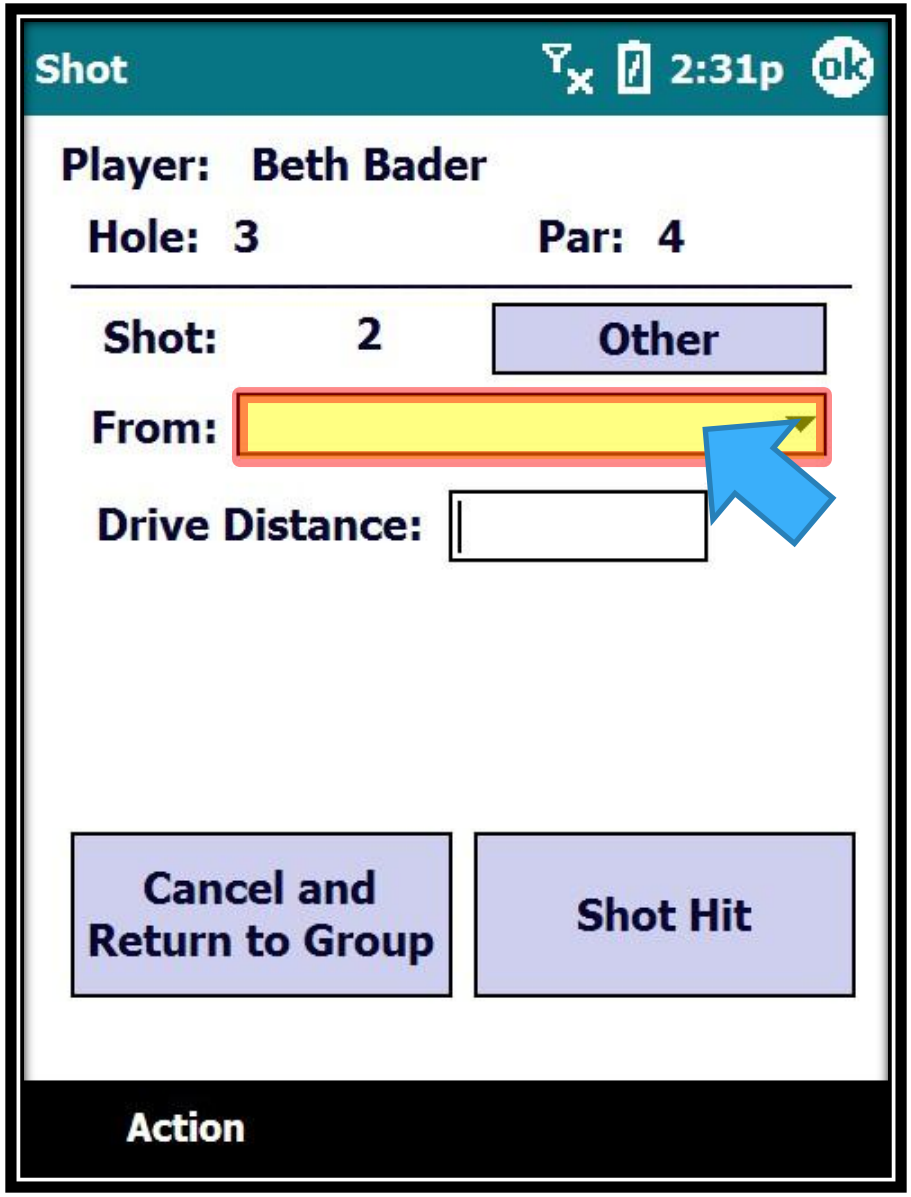
Select the proper FROM location, click on Shot Hit and continue…

ANOTHER OPTION FOR ENTERING DRIVE DISTANCES

We've already entered the Tee shots for each player…

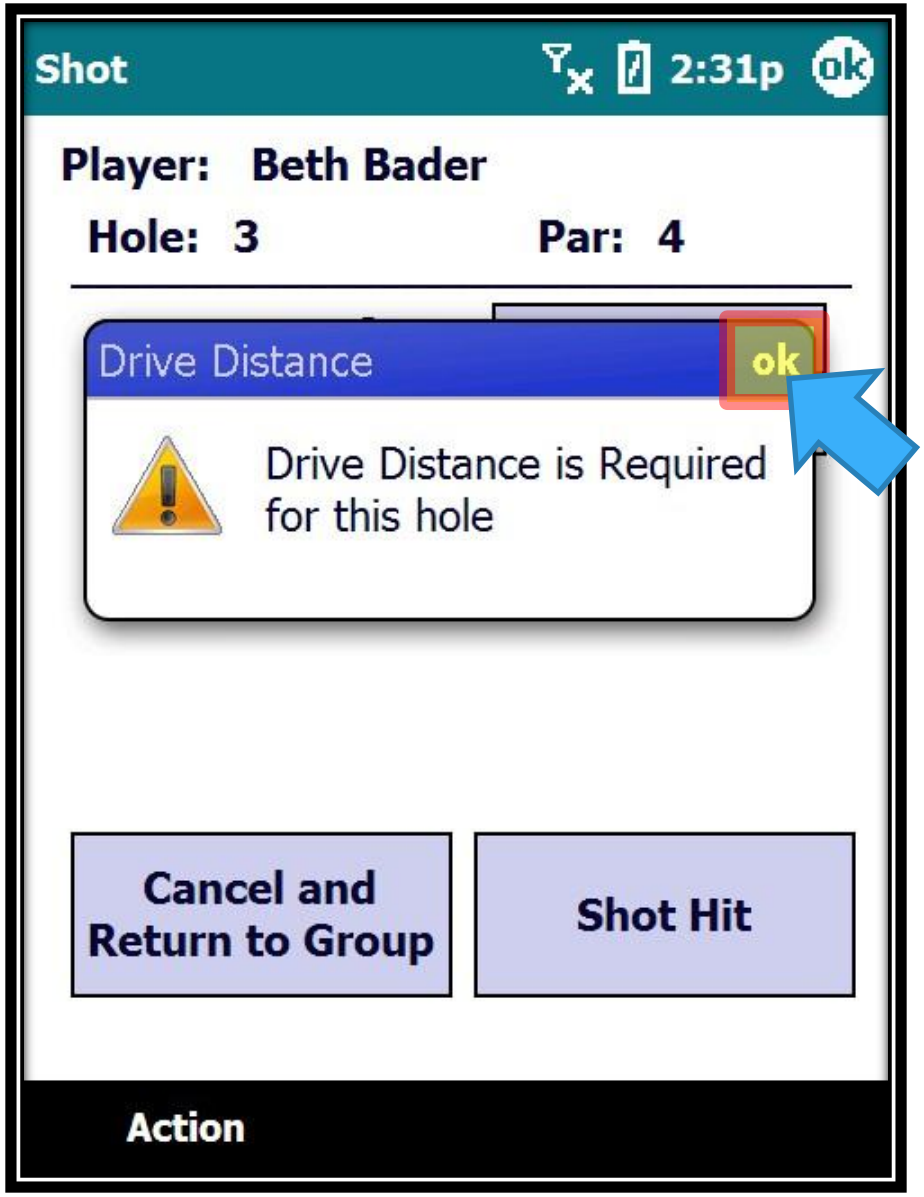


Another option, is to enter the Drive Distance as you input each 2nd shot…

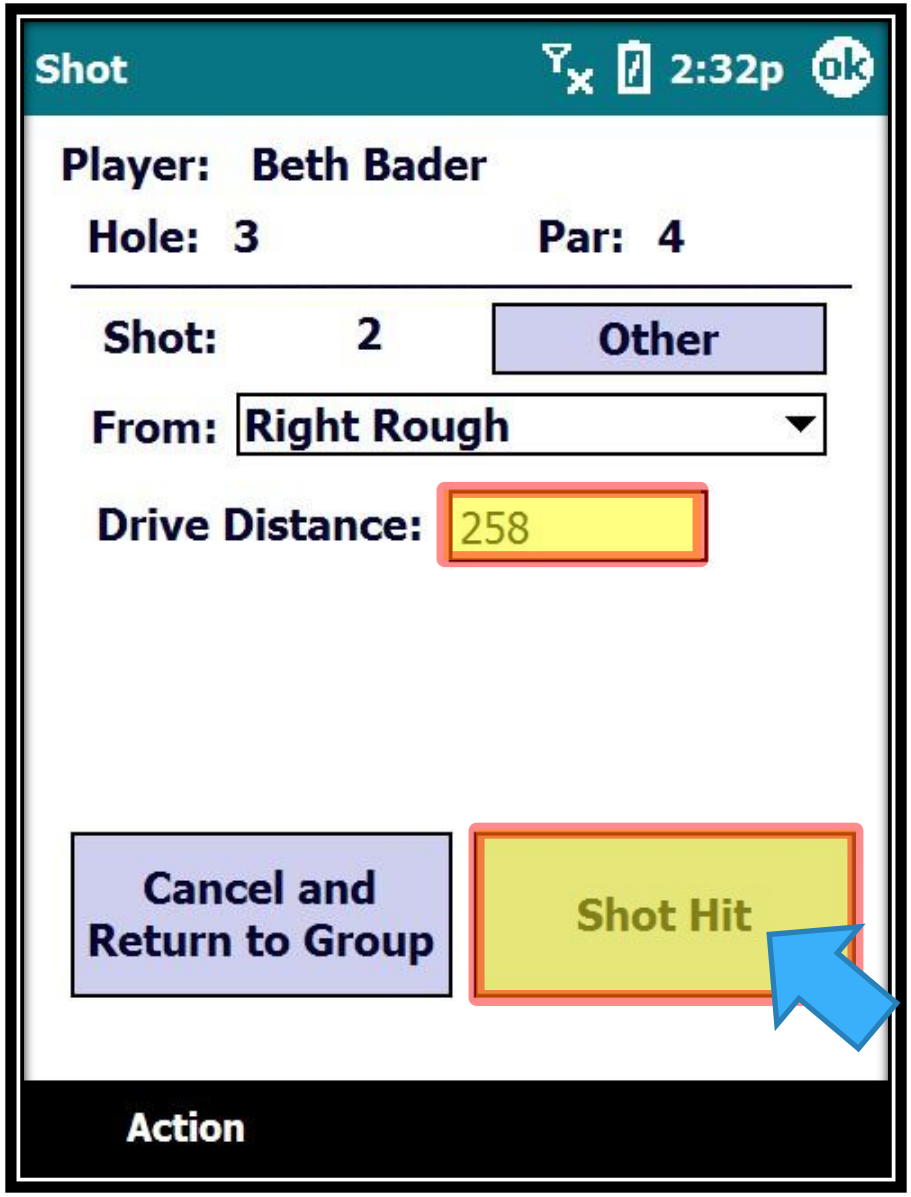


Let's first enter the From location of the 2nd shot

If we try to enter the Shot without a Drive Distance…



A warning will appear reminding us to enter the Drive Distance… Just click on OK to continue…



Click in the Drive Distance field and Enter in the drive distance using the numeric keypad below the screen…

Then enter the 2nd Shot…

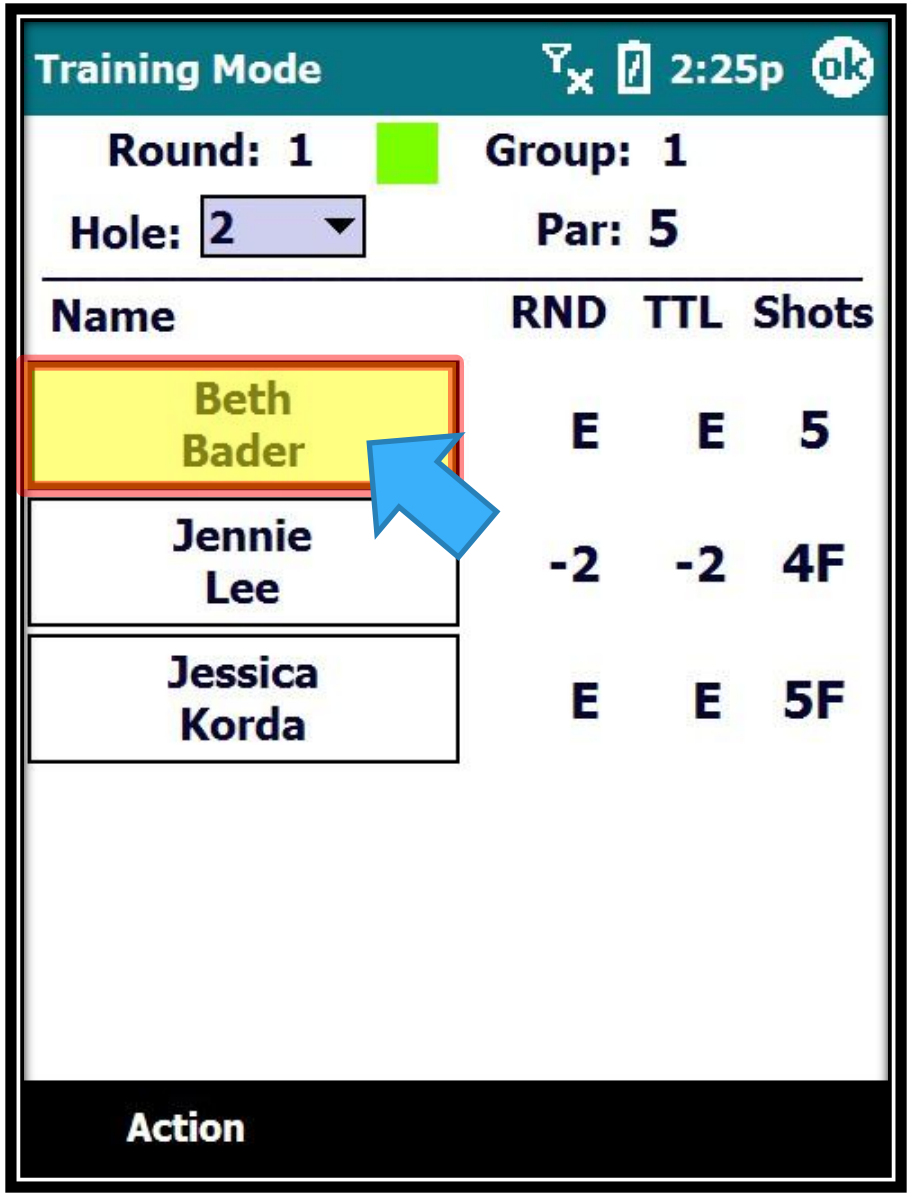
Mark Last Shot In The Hole



Oops, Beth's 5th shot went in the hole and we forgot to mark it. What do we do?

Just click on her name…

Click on the "Other" button…

Click on the "Mark Last Shot In The Hole" button…

You will then return to the Group Screen with her last shot marked in the Hole.

Returning Your Gear

- After you finish your round of scoring, please proceed to VHQ (or properly designated area) to return the stat sheet, handheld, radio and headset.

Thank You!
